**MASKED ROBBERS KILL ONE MAN**

(Observer Special)

Seattle, Sept 27—Two masked men shot and fatally injured one man, wounded another and seriously injured a third in holding up Conway's saloon in this city tonight. The highwaymen entered the saloon and ordered Lou Conway, the proprietor, and the bartender to holdup their hands. Conway thought it was a joke and refused. The bandit shot, hitting Conway in the arm which will have to be amputated. James

Murphy, standing in front of the bar, turned to see what was the trouble and received a bullet in his abdomen, he will die. Gilbert McBeath, also in front of the bar started to run and the bandit fired, hitting him in the side. The bartender and the other occupant of the saloon held up their hands and escaped injury. The robber who did the shooting ordered his pal to rifle the till, which he did, securing \$100. The two then escaped.

**A Word As To Price**

Good Pianos and the saving Eilers Piano House makes on them

While referring to the exceptional merits of the pianos we carry it is well to dwell also upon price.

After quality this is the most important consideration in buying a piano.

The purchase of the lowest priced instruments involves the spending of many dollars, and careful buyers naturally want to feel assured they are securing the greatest value obtainable for their outlay.

The Eilers Piano House conducts its business with the aim and object of meeting just this demand. Every dollar of saving that may be accomplished by economical handling is saved to the buyer. We own our own drays and teams and our own stables. We have our own warehouses down on the tracks where the cars are unloaded and loaded direct from railway to warehouse.

Buying as we do in tremendous quantities to supply five of the largest piano stores on the coast factories grant us every concession in the way of discounts, and carload rates are always secured from the railway companies. Then there are no middlemen to whom we must pay a heavy commission.

All these items combine to make a very remarkable saving in the cost of a piano and are the reasons why we are able to sell you for \$167, a piano that anywhere else you would have to pay at least \$250 for.

**ONE OF MANY**

Those exceptionally low price on an excellent make is only one of many. We give a proportionate saving to buyers on every piano we sell. And remember we sell the very highest grade pianos, including Boston's great make the Chickering, New York's famous piano and the musician's favorite, the Weber the popular Kimball, the time honored aristocrat, the Hazeltan, the lovely Lester that hails from Philadelphia, the Hobart M. Cable, daily growing in the esteem of every person who possesses one, the Crown, the piano of many tones, the Baily, Baus and many other favorites.

Write us for descriptions of these pianos and for prices, and our easy payment system. You will be surprised at what a splendid instrument \$5 or \$8 a month will purchase at Eilers Piano House 351 Washington Street corner Park.

If you want something really good and satisfactory investigate the piano that we are selling now for \$167.

Only costs about 5c per yard more than common plaster, and worth many times over.

**ADVANTAGES**

No danger of freezing as it can be used in zero weather. Being flexible instead of brittle—as all sand mortars are—it will dent like wood when struck or jammed, instead of breaking. Doors, windows, pipe holes, etc are easily cut through. It is a non conductor of electricity and thus prevents short circuiting. It adheres equally well to brick, stone or common lath. It contains no acids nor chemicals to corrods. It will not burn nor disintegrate by fire being a perfect protection for wood frame work. It will under no condition pit or blister. Parties having plastering to do should consult me regarding this class of work. Estimates cheerfully given.
