## WHEAT GOES EAST.

### Oregon and Washington Contribute

(Observer Special)

San Francisco, Sept. 29.—According to the Examiner, agents of a Chicago grain house are here buying wheat for the eastern market. It is said that 400,000 bushels of wheat have been bought in Oregon and Washington for shipment east and that 8,000,000 bushels of wheat have also been purchased in Oregon and Washington, principally in the latter state, by eastern buyers, for shipment to the east by rail.

"The Western purchases of wheat," said one of the grain agents, "cannot affect the Chicago grain market. There is a shortage east for the millers and the purchases on the Pacific coast are simply to supply urgent demands of the eastern millers."

The people's party chairman, in a mandamus suit in the district court, alleges that the commissioners named the election officers from the democratic employees of the Amalgamated Copper Company, over the protest of the other parties.

## GIVEN THIRTY YEARS

### Heavy Sentence Given for Robbery

(Special to Observer)

Lewiston Idaho, Sept. 29.—Judge Steele of Grangeville, Idaho today sentenced Asa Newell to serve thirty years in the penitentiary. Newell was 20 years old and confessed to being one of two men who held up Merchant Keuter at Denver Ida. several months ago. Newell in his confession stated that one Rhoades was his accomplice. At the trial of Rhoades, Newell said the confession was not true as to Rhoades but he gave Rhoades' name to enable his real partner, to leave the country. When the judge demanded the name of his partner Newell refused to give it. The sentence today was the heaviest ever imposed in the state for the offense of highway robbery. The judge stated that if Newell was not a young man he would have given him a life sentence. Newell is well known in the Idaho country as a cowboy.

### Japs Heavy Loss

Rome Sept. 29.—A Ches Foo dispatch states that General Stoesel has written to a friend there that the Japanese are wasting ammunition and lives in attempting to take that stronghold. He expressed the belief that the port could hold out six months longer.

Chee Foo, Sept 29.—Russians residing here claim to have received information that the Japanese losses in the assault at Port Arthur were 7000. The Russian losses were between 500 and 600. A Chinese says that the Japanese were unable to remain in the three supplementary forts captured and retired on September 26 after enduring several days tremendous firing. He adds that the Russians attempted

to bury the dead of both sides at night because of the stench of decomposing bodies which seriously menaces the health of the garrison. The Russians allege that the deliberate policy of the Japanese is to undermine the health of the Russian troops by means of odors of decomposing bodies and for this reason they fire on the burial parties

### Attempt to Mob

Blackfoot Sept. 29.—While the funeral procession of Deputy Sheriff Sweet, who was murdered Sunday night by a man named Conroy, who, with his companions was attempting to hold up a gang of section men, was passing to the cemetery today, a mob was hastily organized a rope procured and a rush made for the jail for the purpose of lynching Conroy. The officers, however were too quick for the half formed mob and with the aid of deputies hastily sworn in, protected

the prison and persuaded the crowd to disperse. Feeling is still high and more trouble is feared tonight.

### New Fish Hatchery

At the coming session of the Oregon legislature Fish Warden Van Dusen will ask for an appropriation for a new fish hatchery on the Wallows River about five miles below the wagon bridge on the main Wallows road from Elgin.

The site to be selected for the hatchery is one of the most ideal spots for such a plant in the West and the rugged character of the country precludes the possibility of settlement in the vicinity and thus there is no danger of the hatchery being hampered by irrigation ditches above nor from an interference with the use of the water from settlers below.—Pendleton Oregonian.

### Lone Robber Free

Jefferson City, Mo., Sept. 29.—The doors of the Missouri penitentiary will open tomorrow for Sam Wilson, known as the "lone train robber," who was received at the penitentiary July 3, 1893, and will be set at liberty, having served three fourths of the fifteen years to which he was sentenced.

The most notable exploit in Wilson's criminal career was the robbery of the Missouri Pacific train which left St. Louis on the night of May 24, 1893. It was held up one mile west of the town of Pacific. The express car was shattered with dynamite and the express messenger was compelled to open the safe and deliver its contents, amounting to \$4000 in silver, to the lone robber. Within a month after the robbery Wilson voluntarily surrendered to the authorities and confessed his crime. A considerable portion of the money was recovered. In view of these facts and his good conduct while in prison Wilson will be released tomorrow several years before the expiration of the term for which he was sentenced.
