

A Store With A Record

We have been doing business in this town for 5 years. In that time the town has nearly doubled in population. During the same time our business has increased FIVE FOLD. In other words our business has made a great deal more rapid increase than the town has. There are dozens of reasons for this all of which you will perceive if you begin buying drug store goods of us. In the first place we had a thorough training for pharmacy. In the second place we had exceptional opportunities for learning the practical side of pharmacy in a successful drug store of the highest standing. In the third place we have kept our eyes open and attended to business until we know the demands of the people of this town.

Deep tearing or wrenching pains, occasioned by getting wet through; worse when at rest, or on first moving the limbs and in cold or damp weather, is cured quickly by Ballard's Snow Liniment. Oscar Oleson, Gibson City Illinois, writes, Feb 16 1902: "A year ago I was troubled with a pain in my back. It soon got so bad I could not bend over. One bottle of Ballard's Snow Liniment cured me." 25c, 50c, \$1.00. Sold by Newlin Drug Co.

B. Spiegel, 1204 N. Virginia St., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run down, and a year ago had to abandon work entirely. I had three of the best physicians who did me no good and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured."

HARD WALL PLASTER

Only costs about 50c per yard more than common plaster, and worth many times over.

ADVANTAGES
No danger of freezing as it can be used in zero weather. Being flexible instead of brittle—as all sand mortars are—it will dent like wood when struck or jammed, instead of breaking. Doors, windows, pipe holes, etc are easily cut through it. It is a non conductor of electricity and thus prevents short circuiting. It adheres equally well to brick, stone or common lath. It contains no acids nor chemicals to corrode. It will not burn nor disintegrate by fire being a perfect protection for wood frame work. It will under no condition pit or blister.

Parties having plastering to do should consult me regarding this class of work. Estimates cheerfully given.
