

A Store With A Record

We have been doing business in this town for 5 years in that time the town has nearly doubled in population. During the same time our business has increased FIVE FOLD. In other words our business has made a great deal more rapid increase than the town has. There are dozens of reasons for this which you will perceive if you begin buying drug store goods of us. In the first place we had a thorough training for pharmacy. In the second place we had exceptional opportunities for learning the practical side of pharmacy in a successful drug store of the highest standing. In the third place we have kept our eyes open and attended to business until we know the demands of the people of this town.

Quiet Wedding

On last Saturday night it was a very noticeable incident that Justice John E. Hough was diligently at work scrubbing out his office and decorating the same with some fine potted plants, roses and other flowers. When we inquired "why this thoroughness? why this unwanted exhibition of industry, and why this justification of the temple of justice?" we were only answered by a broad smile and a hint that "time would tell." On entering the office again about nine o'clock Sunday morning it was found dressed in gala attire, the flowers fragrant, and full of pleasant, happy looking people. Upon making inquiry we found that, as is often the case, we were "one moment too late," and that congratulations were in order. Mr. Zeck Wiseman and wife, nee Miss Drans Ross, were the happy couple to be congratulated. Mr. Wiseman is well and favorably known here, having been in the employ of the Grande Bonds Lumber Co., at Perry for several years. Miss Ross formerly of Council, Idaho, but at the time of the nuptials was residing in La Grande. The Observer joins with their many friends in wishing them a long, happy and prosperous voyage over the sea of wedded life.

Mr J H Wood a well known mining man of Ora Grande Idaho is in the city and the guest of Mr and Mrs J F Taylor. Mr Wood has extensive mining interests and is here for the purpose of buying a desirable home for his family.

WANTED—One car load of yellow Denver Onions must be of good size and first class quality. Apply to Laason and Zundel Kilpatrick Bldg. or Phone 1113.

Mrs Mills Andross underwent a successful operation in Portland a few days ago and the latest report are to the effect that she's getting along much better in fact than was expected owing to her weakened condition.

W I Hunter the liveryman from Summerville is in the City today and reports every thing going on nicely at that place. Prunes are not being picked there yet but some of the ranchers have already sold their entire growing apple crops.

OSTEOPATHY IN WOMEN'S ILLS

A source of gratification to both patient and physician is Osteopathy in the realm of gynecological disorders. It has restored its thousands from invalidism. Mrs. Joseph Benson Forker, wife of Ohio's senator, once said that if Dr. A T Still, the discoverer of Osteopathy, had contributed nothing to his generation but what he has done for woman his name would be immortal.

ROBBED THE GRAVE.

A startling incident, is narrated by John Oliver of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters; to my great joy the first bottle gave a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 50 cents, guaranteed at La Grande Drug Co., and Newlin Drug Co's, drug store.

HARD WALL PLASTER

Only costs about 5c per yard more than common plaster, and worth many times over.

ADVANTAGES

No danger of freezing as it can be used in zero weather. Being flexible instead of brittle—as all sand mortars are—it will dent like wood when struck or jammed, instead of breaking. Doors, windows, pipe holes, etc are easily cut through it. It is a non conductor of electricity and thus prevents short circuiting. It adheres equally well to brick, stone or common lath. It contains no acids nor chemicals to corrode. It will not burn nor disintegrate by fire being a perfect protection for wood frame work. It will under no condition pit or blister.

Parties having plastering to do should consult me regarding this class of work. Estimates cheerfully given.
