

A Store With A Record

We have been doing business in this town for 5 years and that time the town has nearly doubled in population. During the same time our business has increased FIVE FOLD. In other words our business has made a great deal more rapid increase than the town has. There are dozens of reasons for this all of which you will perceive if you begin buying drug store goods of us. In the first place we had a thorough training for pharmacy. In the second place we had exceptional opportunities for learning the practical side of pharmacy in a successful drug store of the highest standing. In the third place we have kept our eyes open and attended to business until we know the demands of the people of this town.

Finest Apple Orchards

Mr. J. F. White, who was here two weeks ago with a party from Nebraska on a tour of the Pacific coast, upon his return home to Cozad, wrote a two column article in the Cozad Tribune at the request of the editor and we re-publish that portion referring to this valley in order to give our readers an idea how strangers view us in comparison with other sections east and west.

"On returning over the O R & N we stopped at La Grande, in Grande Ronde valley, which is one of the best localities visited on my trip. Here we found our former friends and neighbors O. Easton, B. T. Roberts, M. McMurray and H. Atkinson, all well located and happy and all send best wishes to friends in Nebraska. M. L. Cassey, general manager of the Eastern Oregon Colonizing Co., showed us the finest apple orchards and apples seen on our trip and I think very highly of Grande Ronde valley.

"During the entire trip there was nothing but sun and sunshine, no wind."

SEC'Y HAY TO SPEAKS

Boston, Oct. 4.—Advocates of the adoption of principles of peace throughout the world assembled in Boston from many quarters of the globe to take part in the proceedings of the 13th international peace congress which opened here today. There are many prominent delegates here from abroad. Many prominent speakers will take part in the meetings. Among the subjects to come up for action is one for the adoption of some effective method of urging the powers in the world to use every good office to bring about the end of the Russo Japanese war. A public meeting has been arranged for this afternoon in Tremont Temple, when Secretary of State John Hay is to extend a welcome of the National Government to the delegation.

SEPTIC TANK A SUCCESS

The new septic tank recently constructed at the State Mute school is giving complete satisfaction. The board of trustees of that institution visited the school yesterday afternoon and were highly pleased with the improvement in the sewerage system, which makes the conditions there more healthful.

"It seems to me that the septic tank will come into general use in cities," said Governor Chamberlain, after his return from the Mute School. "By this process all solid matters are consumed and the outflow from the septic tank is a clear and odorless liquid. I believe these tanks should be used everywhere there is good sewer connections, for by this means the sewer system can be made to carry a larger amount of refuse and the stream into which it is turned will not be so heavily polluted. In suburban districts where there are no sewer connections a septic tank will do much to improve sanitary conditions. I believe the people should investigate the subject and learn the value of the septic tank."

SEC'Y PAYNE IS DYING

BULLETIN—Washington Oct 4.—2 o'clock all hope had been abandoned. It was announced that while he might last two hours, the end might come any moment. No stimulants are being administered, the physicians allowing nature to take its course. At 2:35 a. m. it was announced that the postmaster general rallied and suddenly exclaimed: Hello!

Dr. Magruder asked the patient how he was feeling and he replied: Finstrate.

BULLETIN—Washington Oct 4.—2:50 a. m.—Dr. Magruder said that if the improvement kept up Payne would probably last through the night.

New Features

I am now prepared to do all kinds of repairing and cleaning. Phone 231 and work will be called for on Monday of each week. Work done promptly.

HARD WALL PLASTER

Only costs about 5c per yard more than common plaster, and worth many times over.

ADVANTAGES

No danger of freezing as it can be used in zero weather. Being flexible instead of brittle—as all sand mortars are—it will dent like wood when struck or jammed, instead of breaking. Doors, windows, pipe holes, etc are easily cut through it. It is a non conductor of electricity and thus prevents short circuiting. It adheres equally well to brick, stone or common lath. It contains no acids nor chemicals to corrode. It will not burn nor disintegrate by fire being a perfect protection for wood frame work. It will under no condition pit or blister.

Parties having plastering to do should consult me regarding this class of work. Estimates cheerfully given.
