Beautiful Columbia River Folder

A passenger department of the Oregon Railroad & Navigation Company has just issued a beautiful and costly panoramic folder entitled "The Columbia River, through the Cascade Mountains, to the Pacific Ocean." From Arlington to Portland and from Portland to the Pacific Ocean, every curve of the river and every point of interest are shown while Mt. Hood, Mt. Adams, and Mt. St. Helens, perpetually covered with snow, stand out in these beauties. On the back of the map is an interesting story in detail of the trip from Huntington to Portland and from Portland to the ocean, not overlooking the beaches and the San Francisco trip by ocean. A copy of this folder may be secured by sending four cents in stamps to pay postage to A. L. Craig, General Passenger Agent of the Oregon Railroad & Navigation Company, Portland, Oregon. By sending the address of some friend in the East, and four cents in postage the folder will be promptly mailed.

FAIRBANKS TALKS TO THE MORMONS

Vice Presidential Candidate Speaks to Immense Audiences in Utah

New York, Oct. 8.—With the utmost secrecy, five submarine torpedo boats, built at the Fore River works at Quincy Point, Mass., for Japan, started today via the Pennsylvania railroad on their way across the continent to some Pacific port. The destination given is "Western Chicago," on the way bill, which accompanied the most unusual shipment which ever crossed the American continent.
Valued at nearly \$4,000,000, the tor-

pedo boats occupied 17 new steel flat cars and six box cars, the appearance of the entire train being not unlike a caravan of a circus. The boats were shipped in sections, each car being carefully covered with canvas to conceal the contents, and extending about the sides of the car to protect the valuable war material beneath from the elements and gaze of the curious alike. There is not the slightest mark on any car to indicate either the contents or destination.

Many Changes

It is being told that R. E. had a great experience on his trip to Grande Ronde recently. He found the country fenced up since his last trip out there twenty years ago and he could not find the way. He finally reached Elgin where he decided that he had best try the railroad. As this was his first ride on the cars, a friend posted the trainmen to see that he got thro' all right. After waiting an hour or two over time the Elgin Flyer finally was off. R. E. came near being off too, as he imagined his old wagon was running away down the mountain. He made a wild leap for the bell cord which he mistook for a brake rope. The bell cord on this train is never connected with the bell for the reason that Conductor Jake can make more noise any time than the bell, so R. E. had to let her go.—Willows News.

Pets Johnson who resides on a farm on the north end of the Flat, was the victim of a serious accident the latter part of last week. Mr. Johnson was riding to town on a load of wheat when the sack on which he was sitting slipped off the wagon wheels which passed over him breaking his left thigh and inflicting other injuries. Dr. Clouchek attended the injured man.—Elgin Recorder

Distinguished Visitor

Elgin was honored yesterday by the presence of the most prominent man on the Pacific coast, Hon. George E. Chamberlain, Governor of the state of Oregon. Governor Chamberlain arrived on yesterday's train on his way to Enterprise, where he will deliver an address at the Willows county fair. This is Mr. Chamberlain's first visit to Elgin since the election in 1902, and he was very favorably impressed with the growth of Elgin and the surrounding country. The Governor informed us that he will soon make a tour of California and stamp that state in the interest of Alton B. Parker for President.—Elgin Recorder.
