

One Day Cough Cure

We've seen a remedy advertised to cure coughs in a day. Better keep the cough and shun the remedy. You would be drugged, not cured.

There is inflammation to be removed, healing to do, waste matter to be expelled before a cough is rightly cured. White Pine Cough Balsam cannot cure at all unless it cures rightly and it requires from three to five days to cure most coughs. Relieves quicker than that of course. 25 and 50c

Lore of the Clover.

Any one who carries about a four leaved clover will be lucky and will have the power of discovering ghosts or evil spirits. With it under the pillow the lover may insure dreams of the beloved one. A fragment in the shoe of a traveler insures a safe journey. Of the five leaved clover it is declared that if it be worn on the left side of a maiden's dress or fastened behind the hall door the Christian name of the first man who enters will be the same as that of the future husband. The power of the four leaved shamrock for good is familiar to all, from Lover's once popular and pretty song, the speaker in which pictures what she would do should she find the magic plant:

I would play the enchanter's part and scatter bliss around,
And not a tear or aching heart should in the world be found.

—London Globe.

How to Bank Fires.

In banking the fire at night it is a good idea to wet the sifted ashes on top and also to add to the water a liberal supply of common or even rock salt. The latter ingredient not only keeps the under fire alive, but in raking off in the morning the salt makes it sparkle anew and give out as much heat as a new supply of coal.
