

BAKER COUNTY MINES

A New Mill Will be Erected and Extensive Repairs to be Made on Old Ones

Baker City Nov 2—Earl Stevenson and Chas. Kent this week finished a contract for hauling lumber to the Maxwell mine in the Rock Creek district near Harris, which is being used in the construction of a new mill, to take the place of the one destroyed by the snow slide last winter. Work is being rushed on the building, the entire force at the mine under the direction of J. E. Baon, being engaged in the work of construction. The mill will be up to date in every detail, and equipped with the latest machinery.

It is reported that a mill will also be erected at the Chloride mine, and that extensive operations will be carried on at the mine this winter.

The High Five Club will be entertained tomorrow afternoon by Mrs. Fred Cook and Mrs. Burt Pattison at the former's home.

Gans' Offer

San Francisco, Nov 2—Al Herford, manager of Gans, said today: "If Britt will fight Gans in Baltimore my club will hang up a \$15,000 purse. If Britt will meet Gans at 134 pounds at the ringside, we will give him a side bet of \$2,500 and he can split the purse at 40 and 40 per cent if he chooses. I have always contended that Gans can do weight easier in the east than here. We will take Groney as referee, or Britt can have somebody else."

HORSES GUIDED BY LIFELESS HANDS

Reno, Nov. 2—Six horses, pulling two wagons heavily loaded with freight walked through the streets of Cherry Creek, a small mining camp in White Pine county, Nevada as they were accustomed to do and stopped only at the livery stable camp. The driver, Chas. Wagner, was on the seat, as usual, but when he did not get down the stablemen climbed into the wagon and were horrified to see that he was dead. Life has been extinct several hours, the aged miner having died alone on the seat, and the horses brought him to his destination. Wagner was an old time prospector and Comstock teamster.

MUST HAVE BEEN CRAZY AT FIRST

Chicago, Nov 2—Albert Narek who two weeks ago killed David Durham aged 14 years for throwing stones at his bar today committed suicide by shooting himself in the head. He was crazed by his previous act.

The Rich Man's Profits

New York, Nov. 2—It is reported that the Wall street winnings of Charles M Schwab in the stock market during the present year have been at least \$8,000,000 and circumstances corroborate the statement. He was on the street today busy selling stock.

Schwab's campaign began in coffee in which he cleaned up more than \$3,000,000 and ended in Steel preferred.

According to a report Herman Sielken the great coffee merchant of Broad street, had Schwab a market partner in the celebrated bull campaign last winter.

Sielken, as a bear, drowned the bulls under the leadership of the late Leonard Lewisohn in an ocean of coffee breaking the price from 12 cents to 6 cents a pound. When the market wavered, Sielken turned and with Schwab as a market companion, bought millions of pounds. The sensational rise that wiped out a paper loss of more than \$12,000,000 against the Lewisohn estates is a matter of history.

Es-to-op-a-ty

A homeopathic physician remarked, "It is not necessary for you to name your disease in order to treat it," and that seemed to him to be a great point. So after all it argues in a cycle. We are not combating disease, we are simply endeavoring to overcome the cause of disease, as the weaker the foundation the greater the damage done by each storm that attacks. Prophyxite is the watchword and as Holt says, "We should first aim at the removal of the cause that interferes with proper growth and development and second, the prevention of infection."

CAN YOU BEAT THIS

The following is a record of an onion crop raised by Mr. Settlemier, who is Mrs. J. C. Ardrey's father. Mr. Settlemier resides near Heppner and the following clipping was taken from a Heppner paper:

Mr. W. F. Settlemier, of Willow creek has an onion story that will surprise those not familiar with the productiveness of our soil. He produced this year 610 lbs. on one square rod of ground. This is at the rate of 81,000 lbs. or 1,632 bu. to the acre. These onions are selling in Arlington for 1 1/2 cents per pound which is at the rate of \$1,224 per acre.

Careful of the Thermometer.

In a certain village not very long ago a benevolent doctor offered to give a thermometer to every cottage, carefully explaining its use. Soon after their arrival a district visitor entered one house where the new thermometer hung proudly in the middle of the room dangling at the end of a string. The visitor complimented the owner upon it and inquired if she remembered the instructions.

"Aye, that I do," was the reply. "I hangs un there and I watches un until 'e gets above 60."

"Quite right, Mrs. —," said the lady, much pleased that the directions given had taken root. "And what do you do when it gets above 60?"

"Why, then," was the unlooked for answer, "I takes un down from the nail and puts un out in the garden and cools un down a bit!"—London Tit.

How to Bank Fires.

In banking the fire at night it is a good idea to wet the sifted ashes on top and also to add to the water a liberal supply of common or even rock salt. The latter ingredient not only keeps the under fire alive, but in raking off in the morning the salt makes it sparkle anew and give out as much heat as a new supply of coal.
