### 4,000,000 Pounds Prunes Shipped to San Francisco Recently to Different Parts of the World.

San Francisco, Nov 25—The prune shipments by sea direct to Europe from San Francisco have been considerable during the last few weeks. The climax was capped the other day by the consignment via the steamer Ammon.

This vessel cleared on November 12 for Hamburg, having for that port 2,190,415 pounds of prunes, an exceedingly large shipment. The ship Altair on November 4th, took 743,825 pounds of prunes to London by sea direct from San Francisco, and on October 20th, the steamer Nicaragua had on her manifest 943,868 pounds for Hamburg.

These three shipments alone aggregate nearly 4,000,000 pounds of prunes. From July 3 to November 12 the shipments of prunes by sea from the port of San Francisco have been as follows: To British Columbia, 333,619 pounds; Australia 278,175 pounds; Hawaii, 16,863 pounds; Mexico, Central and South America, 21,983 pounds; Manitoba, 149,100 pounds; the Orient, 2,109 pounds; England, 883,060 pounds; continental Europe, 4,182,030 pounds; Dawson 5,000 pounds; Tahiti, 830 pounds; Northwest Territory, 78,775 pounds; Suva, 75 pounds; Clipperton Island, 30 pounds

### A Correction

Ed. Observer: My attention has been called to the statement in the proceedings of the County Court, for November, which was published in the Observer, in which it appears that said County Court, raised the assessed value of the Elgin Branch \$1500 per mile.

How this mistake was made I am not in a position to say, but desire to call attention to the fact that, the County Court did not raise the value but, on the contrary, the court reduced the value \$500 per mile.

The main line was assessed at \$8000, and the Elgin branch, at \$6000 per mile for 1904 and the court reduced the main line \$2500 per mile and the Elgin branch \$500 per mile.

Very Respectfully,  
J H Morton.

### Heating Plant Here

The heating plant for the court house is now here and will be placed in position as soon as workmen can accom-

plish the work. The court house is nearly completed and the officers will be able to occupy their new quarters in a few weeks.

It would be well for the county seat committee to remember that there are several large iron safes still in the old building at Union which should be brought to this city before the roads become in a bad condition. These safes must be brought over some time and it can be done cheaper now than when the bottom drops out of the road. Better take this matter up now.

### Irrigation

H. L. Johnson, who has a farm about three miles west of Summerville, was an Observer caller yesterday, and left a sample of the products of his farm which excel anything we have seen this year, or any other year for that matter. The banner product was a mammoth potato, of the variety known as the White Elephant. This potato weighs four pounds and one ounce and measures a little better than thirteen and a half inches in length. The spec-

imen is perfect, having neither blemish or knot. He also brought special specimens of apples of the Ben Davis, Northern Spy, and Spitzenberg varieties which are as fine as could be found anywhere. He also brought a sample of chestnuts grown on his place.

Mr Johnson is a firm believer in the virtues of water and has made the stream which flows above his farm lead itself to his aid and the result is certainly satisfactory.

# \$1,687,500

The Bulletin just issued by the United States Government, after months of careful research, shows that in the Western States, the average family purchases annually goods to the amount of \$750

On this basis the 2250 families visited with each issue of the Daily and Weekly OBSERVER annually purchase merchandise to the amount of

# \$1,687,500

The natural logical conclusion cannot be otherwise than that no wide-awake business man who will take the few moments necessary to convince himself of the accuracy of the above statement, can afford to miss the opportunity of placing his announcements (25,500 each month) before this army of purchasers.

An ad under such conditions, properly taken care of will most certainly bring enormous returns on the investment.

# YOUR LUNGS

**IF THEY ARE WEAK**—You are in constant danger of Pneumonia or Consumption which can be prevented by FOLEY'S HONEY AND TAR if taken in time.

**IF THEY ARE INFLAMED**—You already have the first symptoms of lung trouble that may prove fatal and you should not delay taking FOLEY'S HONEY AND TAR. It cures all inflammatory conditions of the respiratory organs.

**IF THEY ARE OBSTRUCTED**—It is dangerous to use harsh expectorants which strain and weaken the lungs. FOLEY'S HONEY AND TAR soothes and strengthens and enables the tubes to be naturally cleared.

## FOLEY'S HONEY AND TAR

gives the greatest comfort and relief in advanced stages of lung trouble and never fails to cure incipient Consumption. Contains no opiates. For Coughs, Colds, Croup, Whooping Cough, Bronchitis, Asthma, Pneumonia and Grippe. It stops the Cough and prevents Pneumonia.

### A POLICEMAN'S TESTIMONY

J. N. Patterson, night policeman of Nashua, Ia., writes:—"Last winter I had a bad cold on my lungs and tried at least a half dozen advertised cough medicines and had treatment from two physicians without getting any benefit. A friend recommended FOLEY'S HONEY AND TAR and two thirds of a bottle cured me. I consider it the greatest cough and lung remedy in the world."
