## Half a Carload of New Wall Paper.

We have just received half a carload of the newest and latest wall paper. Half a carload means 20,000 rolls. This is more paper than any one firm ever thought of bringing into this county in a single season.

This paper is all for sale and must be sold this season. We have brought two first class paper hangers direct from Chicago, who are without doubt the most skillful workmen in Eastern who, with the first class paper hangers already in our employ, gives us the best working force the Inland Empire.

## SPACE EXHIBIT HALL

Wallowa County Sees the Advantage to be Derived in an Exhibit in La Grande.

[Wallowa News]

The La Grande Observer says: "The fact that the railroads out of Chicago and Missouri river points have so arranged their schedules that the travel to the Lewis & Clark Fair will pass through this city both on their way and return, the advantages of having our 'Exhibit Hall' at the depot are plain to all."

This hall should be participated in by Wallowa county as the road to this county leaves the main line at La Grande. If the people of the whole state are to receive value for the \$500,000 given to the Lewis and Clark Fair they should lose no opportunity to attract attention to each section of the state. A collection to attract attention to our stock and agricultural interests, our mines and forests, our water power and many other advantages that are lying out of doors for want of capital to properly develop.

## NORTH WEST NEWS

William Shearer, a barber went to Dawson from Goldendale, writes that he is making from \$200 to \$250 per month there at his trade. Parties drilling for water near Haystack, in the Cliffe Falls country, have struck a thick, black oil in apparently

large quantities, and there is great excitement.

The steamer City of Seattle, from Juneau to Skagway, is aground near the mouth of Eagle river, with a big hole beneath her boilers and no prospects of being floated.

John Nelson, once one of the best known politicians and business men of Western Montana, and a partner of Marcus Daly, died very suddenly November 23, at Missoula, of heart failure.

"A prominent farmer and stock raiser whose name is withheld by request," was November 23 fined heavily at Eugene for driving scabby sheep along the public highways of Lane county.

Members of the Washington legislature who have hitherto paid \$40 per month for accommodations at Olympia meet this year pay \$120. The boarding houses are holding them up since the burning of the Olympia hotel.

## Old Slate

(Observer Special)

San Francisco Nov. 26.—The National Labor convention will elect officers late this afternoon. The slate consists of retaining the old officers. Duncan will probably withdraw in favor of Gompers.

## Hay Chopper

Robert Stansfield is just installing on the Foster ranch near Echo, a hay chopping machine, that is said to have a capacity of 100 tons of alfalfa hay per day. The cutting blades resemble those of a lawnmower, and are inclined toward the center, so that the hay, instead of being thrown out to the edge of the blades is constantly worked to the center.

The many friends of Scott Z Henderson, formerly of this city and now attorney at-law in Enterprise, Ore., are glad to see him again in Galesburg. He arrived in this city Wednesday evening and is making a two week's visit with his parents, Mr. and Mrs. S M Henderson of Clark street. Mr. Henderson was a member of the city Republican central committee here when he left, and since leaving here he has been elected city attorney at Enterprise, Oregon, and has been appointed deputy district attorney. Mr. Henderson has a host of friends here and in Oregon, and has built up a fine practice. He expects to leave for Oregon about December 1. His many Galesburg friends are glad he is doing well and wish him all success.—Galesburg, (Ill.) Republican Register.
