Virtue Mine Resumes

The long looked for resumption of operations at the Virtue mine, Baker County's pioneer quartz and which holds the grand prize for gold production covering a period of time since 1865, is booked for December 1st.

Manager J K Romig yesterday gave out the information that his superintendent will arrive here from California in a few days and the Virtue will immediately start operations.

Manager Romig since effecting the organization of the Virtue Consolidated Mines has systematically placed the property in a shape for successful working and its equipment is second to none in the Eastern Oregon gold fields.

The operation of the Virtue is looked forward to with great satisfaction on the part of the people of Baker City and there is every reason to believe the old property will maintain or excel its former records of gold production.—Baker Democrat

Joseph Jail Burned

Joseph Nov 30—In here, of the Innaba, while confined in the city jail at Joseph on Monday either accidentally or intentionally set fire to the building and came near burning himself and the greater part of the town. A strong wind was blowing at the time and had the fire got a great start several blocks of the town would have been destroyed.

The town authorities lodged a complaint of arson against him and he was placed under bonds to answer at Circuit Court. He furnished the bond and was released.

This is the second time the Joseph jail has been fired by prisoners. It is a wooden structure and so situated that if it burned the entire business section of the town would be endangered.

Blocked the New Extension

E. H. Harriman will Prevent the Extension of the Sumpter Valley to Prairie City

New York, Nov. 29.—E H Harriman has blocked the announced purpose of the Sumpter Valley Railroad to build into Prairie City and it is known

here that it will now be impossible for that road to extend its lines until Mr. Harriman is ready and willing for the move. The object in preventing the extension of the Sumpter Valley line is to keep its territory and importance curtailed and to avoid the possibility of its developing into a road that might at some future date make trouble for the Harriman interests.

The method adopted by Harriman officials in dealing with the Sumpter Valley was simple and effective. There was not the least encouragement offered from Harriman. It was announced some time ago that the Sumpter Valley would extend, tapping rich country and rendering settlement possible and mining districts productive. Grading was done and steel rails ordered. Then came the trouble.

The Harriman roads, over which the steel for the Sumpter Valley track must come, refused to make a special rate for the material, and the Sumpter Valley faced the necessity of paying full freight charges, enough to seriously cripple, financially, a much larger corporation. Thus the matter now stands.

The Herald in conversation with J E Barton, general manager of the Sumpter Valley was informed that the above facts are substantially correct, but as to the conclusions drawn from those facts he was unable to say anything. He said further that the plans of his road were to have laid some more track on the extension during September and October last but they had to cancel the orders for rails on account of prohibitive freight rates of the Harriman system. As it now stands the extension of the Sumpter Valley is probably up in the air in definite.

BEAUTIFUL CHRYSANTHEMUMS

One of the most lovely and beautiful displays of Chrysanthemums that ever delighted the vision and gladdened the heart of all lovers of beautiful flowers, can be seen at the residence of Mr. Sen of Dent at the head of Fourth street in the First ward. His Queen White, Lillian Russell, Mikado and Yellow Beauty are most gorgeously grown and speak in the highest terms of praise of Mr. Deal's care and skill in producing such marvelously truly beautiful flowers of such magnificent size and brilliancy. Any and every person who admires these superb winter flowering plants can see them by calling at Mr. Deal's residence who will take pleasure in showing them to all who come. The walk will improve your health, and a look at the clusters of these beautiful flowers will fill your hearts with joy and happiness.

Persons desirous of obtaining specimens of these magnificent flowers should apply at once as they will soon be a thing of the past. Here is a chance to bring a throb of joy to the heart of your dearest friend and a smile of pleasure to the countenance of your best girl.

\$1,687,500

The Bulletin just issued by the United States Government, after months of careful research, shows that in the Western States, the average family purchases annually goods to the amount of \$750

On this basis the 2250 families visited with each issue of the Daily and Weekly OBSERVER annually purchase merchandise to the amount of

\$1,687,500

The natural logical conclusion cannot be otherwise than that no wide-awake business man who will take the few moments necessary to convince himself of the accuracy of the above statement, can afford to miss the opportunity of placing his announcements (25,500 each month) before this army of purchasers.

An ad under such conditions, properly taken care of will most certainly bring enormous returns on the investment.

These Presentations of FACTS

Should receive the most careful consideration of every business house whose volume of business depends upon the patronage of this city and county,
