Os-te-op-a-thy Our Position

In rejecting the Materia Medica we lose nothing and gain much, for we thus escape the long list of evils induced by the use of poisonous drugs. History shows that men living in harmony with Nature before the introduction of Materia Medica, escaped many of the diseases of the present day and lived to a ripe old age. We are not unmindful of the resources of diet clothing, exercise, physical culture, health movements, sanitation, ventilation, breathing, light and sunshine, water baths (hot and cold) packings, flushings, and such non medical aids to Nature, when scientifically applied at the proper time.
