A hole in the Morgan Lake pipe line this morning caused considerable speculation among citizens. The water spouting out on the top of the hill could be seen from the city. The column of water seemed about as large as a telephone pole and about thirty feet high. From the looks of things on the hill there is certainly plenty of water in the lake.

J M Hiltz a prominent republican of La Grande once candidate for sheriff of Union county and a well known and popular citizen passed through this morning to Southern California, where he goes on business connected with mines which he owns there. Thrown From Vehicle

A serious accident, and one that might easily have proven fatal, occurred last evening near the corner of First and Main streets. Deputy Sheriff, T B Johnson, and Miss Ona Pennington, daughter of the present sheriff, C. C. Pennington, were returning last evening from Union and it was about eight o'clock when they reached this city, and as a matter of course dark at that time. When they reached the corner of First and Main Street where there is a small bridge across a creek bed, and without any banisters, it was impossible to tell exactly where they were driving and as a result of the darkness and the fact that the bridge had no railings on the sides the wheels on one side of the vehicle in which they were driving dropped off the bridge and the occupants were pitched out of the buggy. The drop from the bridge is about four feet and the creek bed is lined with stones.

Mr Johnson received a severe cut in the head, his left arm is severely hurt and his left hip badly injured but there seems to be no fractures of the bones. Miss Pennington was severely jarred up and a little bruised but with the exception of stiff shoulders and a hip that is giving her some trouble she is in very good condition today and is able to be up. It seems that the severest injury she received was as her hip struck the wheel when she was thrown out of the vehicle.

This accident shows how painstaking the city and county should be in preparing their culv rus and bridges in such a manner that accidents of this kind would not so often happen.

Attention.

All members of the Ladies of the Maccabees are requested to be present at the I. O. O. F. hall this evening, Dec 9th at 7:30. Business of importance. Come. Tillie Walters.
