M. L. Causey Explains.

The following explanation from Mr Causey certainly places the matter of an "Exhibit Hall" in a plain light. Mr Causey states that if the Commercial Club understands that it is "up to him" to produce the needed seventy dollars, he will "get in and raise it." Whether the Commercial Club understands it that way or not, it is an assured fact that the seventy dollars is needed and we know of no better man to "get in and raise it" than Mr Causey. We can remember very distinctly some bigger enterprises than an exhibit hall which Mr Causey has been instrumental in raising.

AN EXPLANATION

Upon returning home I made inquiry upon the progress of Exhibit Hall and was informed that "it was all up to me as the club had performed its part of the contract as they understood it, which was to raise \$300 and I would do the balance. From whence they received such information I do not know. I will state however that originally I made an attempt to secure the right from the O & N to maintain an exhibition for my individual use but they informed me if they granted such a concession to one they would receive similar requests from others and advised me to have the Commercial Club of this city take the matter up.

I then secured a lease, had plans made and bids of construction submitted and turned them over to the Club who appointed a committee to raise the required amount, about \$400. I was appointed one of these committees to solicit among the farmers and in three days raised \$105. I also understand that all funds with the exception of \$73 has been raised and if the Commercial Club think it is up to me I will get in and raise it.

Respectfully, M L Causey.

Mr. D Fitzgerald, of Dayton, Wash., is in the city looking over this field with reference to building a machine shop and foundry in this city. Mr. Fitzgerald is at present engaged in this business in Dayton, but believes this county presents a better field than does his home place. He is an old time friend and business associate of Mr. Thronson of this city. Should he see fit to locate here it will mean much to the farmers and mill men of this county, and we believe will also prove a good business proposition for Mr. Fitzgerald.

The Right Word

There is a curious species of writers on railroad subjects, some of them editors of railway journals, who express themselves as if they had never heard of a locomotive engineer. Their pens move with contempt and anger when the suggestion is made that men who manage locomotives have the right to be called engineers. The able writers mention engineers, runners and engine runners, but never locomotive engineers. They shudder to call anyone an engineer who does not carry in his pocket a college graduate's diploma. Moved by this snobbish sentiment, some railroad companies call their engineers "enginemen," but it does not appeal to public taste. The American public has decided that the title of the man running is engineer, and nothing that envy or petty jealousy can do will ever take that appellation away from the popular tongue. —Railway and Locomotive Engineering.

Portland Markets

There was considerable strength shown in the barley market today on account of the increased demand both from the local territory and from California.

The prospect of the government buying large supplies of oats here, has had a tendency to make the dealers here hold, and the demand is not large, but the tone is sound and firm.

Everything is dull in the wheat market, and prices remain the same, with no prospect of an immediate change.

The poultry market is sick, as the receipts are not large, and there does not seem to be much of a demand. There is a shortage in turkeys, and moderate receipts would obtain good prices.

The creamery butter market is duller on account of heavy receipts from the local territory.

Rector of St. Luke's

Ashburnham, Ontario, Testifies to the Good Qualities of Chamberlain's Cough Remedy

Ashburnham, Ont., April 18, 1903.—I think it is only right that I should tell you what a wonderful effect Chamberlain's Cough Remedy has produced. The day before Easter I was so distressed with a cold and cough that I did not think so be able to take any duties the next day, as my voice was almost choked by the cough. The same day I received an order from you for a bottle of your Cough Remedy. I at once procured a sample bottle and took about three doses of the medicine. To my great relief the cough and cold had completely disappeared and I was able to preach three times on Easter Day. I know that this rapid and effective cure was due to your Cough Remedy. I make this testimonial without solicitation, being thankful to have found such a God-sent remedy. Respectfully yours,
E. A. Langfeldt, M. A.,
Rector of St. Luke's Church.
