Startling Evidence

Fresh testimony in great quantity is
constantly coming in, declaring Dr.
King's New Discovery for Consumption
Coughs and Colds to be unequalled. A
recent expression from T J McFarland
Bentonville, Va. serves as example.
He writes: "I had bronchitis for
three years and doctored all the time
without being benefited. Then I be-
gan taking Dr. King's New Discovery,
and a few bottles wholly cured me."
Equally effective in curing all Lung
and Throat troubles, Consumption,
Pneumonia and Grip. Guaranteed by
Newlin Drug Company. Trial bottles
free, regular sizes 50c and \$1.00

Worst of All Experiences.

Can anything be worse than to feel
that every minute will be your last?
Such was the experience of Mrs S. H.
Newson, Decatur, Ala. "For three
years" she writes "I endured insuffer-
able pain from indigestion, stomach
and bowel trouble. Death seemed in
my face when doctors and all reme-
dies failed. At length I was induced
to try Electric Bitters and the result
was miraculous. I improved at once
and now I'm completely recovered.
For Liver, Kidney, Stomach and
Bowel troubles Electric Bitters is the
only medicine. Only 50c. It's guar-
anteed by Newlin Drug Co.

Printing

That

Satisfies

There is a difference
between printing
that "will do" and that
which is the kind you
really want.

We make a specialty
of pleasing, as we have
the equipment with
which to produce good
printing and printers
who understand the art
of printing.

There is no order too
small or too large to
receive our careful
attention.

We print anything
from posters to visiting
cards.

THE OBSERVER

**PREPARE
YOUR
EXHIBITS**

La Grande, Oregon, Dec 21st, 1904
To the producers and manufacturers
of Union County:—

Gentlemen:—I take this means of
informing you, that I have let the con-
tract for constructing a suitable Hall
for exhibiting the products and manu-
factured articles of this county, at the
depot in this city. This hall will be
forty feet long, ten feet wide, fourteen
feet from floor to ceiling, with a glass
front six feet wide, by forty feet in
length. I find that more can be done
in advertising our county and valley in
this way, than by any other means, as
in this day and age, it is necessary to
"show" people what you have. This
exhibit will be in plain view of all
persons who pass on trains, and will
be illuminated when passenger trains
go by in the night. My object in call-
ing your attention to this enterprise
at this time, is to have you make time-
ly application for suitable space for
such products and articles as you de-
sire to have placed on exhibition. It
would also be appropriate for you to
attach to your exhibit, a card with
your name, residence, and such other
brief information as would give the
traveler or home-seeker necessary data
from which to make further investi-
gation. This hall will be completed
by the first of February next, and pro-
ducts and articles will be placed for
exhibition by the 15th of same month.
Wishing to treat all persons, sections
and interests fairly, I respectfully re-
quest all parties interested with any
item for exhibition, to correspond
with me in the meantime, and make
arrangements for space. And while
this space is donated free of charge to
exhibitors it is limited, and for the
benefit of all, must be so adjusted that
all interests will be properly looked
after.

It might be well to suggest, in this
connection, that I am very desirous
that every industry of the county be
represented. This necessarily covers
quite a range, both in variety and ex-
tent. It includes the products of the
farm, the orchard, dairy and garden,
everything from field, forest and
stream. It includes the articles in
the way of output from the various in-
dustrial plants of the county, from our
various flouring mills, lumbering
plants too numerous to mention, the
beet sugar factory, woolen mill, im-
mense and inexhaustible stonequarries,
brickyards, fibre factory, in short,
every industrial interest that is estab-
lished and prosperous. No interest is
barred, but I wish to get this enter-
prise so systematized that it will truth-
fully tell to all the story of Union
county's present greatness and indi-
cate her future possibilities. By giv-
ing me your practical co-operation, we
can jointly contribute to the substan-
tial advancement of all with injury to
none. In this matter let us get closer
together, and by a demonstration that
cannot be questioned, "show 'em."
Respectfully yours,
Eastern Oregon Colonizing Co.,
by M L Causey, Manager.

**WISDOM FROM
A FINE BOOK**

Famous English Doctor Declares
That Medicine and Surgery
Have Done Little to Lessen
Suffering.

There is much to be learned, alike
by doctor and layman, in the reading
of the new edition of Dr. A Rabagliati's
"Air, Food, and Exercise," just
issued by William Wood & Co., of
New York. Dr. Rabagliati is an Eng-
lish physician of the old school and
recognized as an able one and an author-
ity. But he has had the hardihood
to break away from many of the wrong
conceptions of his fellows and to
practically pronounce them out of
date.

OF HOW MUCH USE IS MEDICINE

He begins on the basis that medi-
cine and surgery, with all their boasted
advancement in recent years, have
really not done much to alleviate suf-
fering or lengthen life; that in the bulk
of cases where relief has been afforded
the result would have been accom-
plished as well or better without any
drug aid at all; and asserts, as another
and a chief reason for not using drugs,
the fact that there are not and never
can be any methods of knowing in ad-
vance what the action of any given
drug is going to be. Which assuredly
leaves little ground for the drug sys-
tem to stand on.

ON TOO MUCH SURGERY.

Dr. Rabagliati, living in England,
has never had an opportunity to in-
vestigate the grand new healing science
of Osteopathy. But his book shows
him in hearty agreement with Osteo-

pathic teachings in many particulars
and if he would make it a point to in-
vestigate he would undoubtedly be-
come a very good Osteopath. His
views on many questions of diet,
sanitation, and exercise are similar;
he decries drugs; and declares that
surgery, although it has its sphere, is
undoubtedly overdone. He has made
an especially deep study of diet and
on this subject is worthy of the very
closest attention.

The author speaks impatiently, as
does the Osteopath, of the man who
alleges the uselessness of the vermiform
appendix, who removes it, and who
claim that in a few years it will have
disappeared naturally from the body of
civilized man. He goes on:

"It does seem a pity that men so
able and so knowing had not been en-
trusted with the making of man and of
the world on which he was to dwell.
They could have done the work so
much better."

"A structure rich in lymphoid ele-
ments (like the appendix) has prob-
ably a useful part to play in the econ-
omy, and it would be far more useful
to suffering humanity, though possibly
less immediately beneficial to the
prophets, to advise it how to keep the
appendix vermiciformis and other organs
sound and healthy, than to proceed to
remove them in the way that is so
freely proposed and carried out."

He goes on to show that inflamma-
tions of the caecum or of the bowel
frequently follow the removal of the
appendix and adds "Are we then to
excise the caecum to prevent typhilitis?
or the bowel in order to prevent en-
teritis? Or would it be wise to ampu-
tate the head in order to prevent neu-
ralgia of the face?"

And who will think it over and say
that Dr. Rabagliati and the Osteo-
pathic physician are not both thor-
oughly right when they protest against
the reckless use of the knife upon hu-
man beings for the removal of diseased
organs that could right themselves if
given a proper chance.

**BRIGHT'S
DISEASE**

Many people who are neglecting
symptoms of kidney trouble,
hoping "it will wear away," are
drifting towards Bright's Disease,
which is kidney trouble in one of
its worst forms.

**FOLEY'S
KIDNEY
CURE**

stops irregularities, strengthens
the urinary organs and builds up
the worn-out tissues of the kid-
neys so they will perform their
functions properly. Healthy kid-
neys strain out the impurities
from the blood as it passes
through them. Diseased kidneys
do not, and the poisonous waste
matter is carried by the circulation
to every part of the body, causing
dizziness, backache, stomach
trouble, sluggish liver, irregular
heart action, etc.

If you have any signs of Kidney
or Bladder trouble commence tak-
ing **FOLEY'S KIDNEY CURE**
at once, as it will cure a slight dis-
order in a few days and prevent a
fatal malady. It is pleasant to
take and benefits the whole system.

How to Find Out.

You can easily determine if your kid-
neys are out of order by setting aside
for 24 hours a bottle of the urine passed
upon arising. If upon examination it
is cloudy or milky or has a brick-dust
sediment or small particles float about
in it, your kidneys are diseased, and
FOLEY'S KIDNEY CURE should be
taken at once.

**G. B. Burhans Testifies After
Four Years.**

G. B. Burhans of Corlies Center, N. Y., writes:
"About four years ago I wrote you stating that
I had been entirely cured of a severe kidney
trouble by taking less than two bottles of Foley's
Kidney Cure. It entirely stopped the brick-
dust sediment and pain and symptoms of kidney
disease disappeared. I am glad to say that I
have never had a return of any of those sym-
ptoms during the four years that have elapsed,
and I am evidently cured to stay cured, and
heartily recommend Foley's Kidney Cure to any
one suffering from kidney or bladder trouble."
Two Sizes, 50c and 1.00.

Driven to Desperation

Living at an out of the way place,
remote from civilization, a family is
often driven to desperation in case of
accident, resulting in Burns, Cuts,
Wounds, Ulcers, etc. Lay in a supply
of Bucklen's Arnica Salve. It's the
one on earth 25c, at Newlin Drug Store.

Coughing Spell Caused Death

"Harry Duckwell, aged 25 years
clocked to death early yesterday morn-
ing at his home in the presence of
his wife and child. He contracted a
slight cold a few days ago and paid but
little attention to it. Yesterday morn-
ing he was seized with a fit of cough-
ing which continued for some time.
His wife sent for a physician but be-
fore he could arrive, another coughing
spell came on and Duckwell died from
suffocation.—St. Louis Globe-Democrat
Dec 1 1904." Ballard's Orphanoid
Syrup would have saved him —25c, 50c
and \$1.00.—Newlin Drug Co.
