THE OBSERVER

of the average man is found in things pertaining to good living. Good butter is a most important item to a man's happiness. It is used at breakfast, luncheon and dinner. If it is of a poor quality it makes the entire meal unsatisfactory.

If you are used to using the average quality of butter, our La Grande Creamery butter at 35 cents will prove a delightful revelation of what good quality means. Ask your Grocerman or La Grande Creamery Butter and satisfy yourself as to quality.

Another Farm Sold

Mr. L. L. McKennon was in the city yesterday to complete the deal whereby he becomes the owner of the place known as the Thomas Gilham farm. The place is on the Sandridge and consists of one hundred and eighteen acres. Mr. McKennon purchased the place from Ludwick Larson and paid therefor five thousand and nine hundred dollars. Therefore the rate per acre was fifty dollars per acre. Mr. McKennon has acquired by this purchase one of the best farms in the valley, at a price which is considered a bargain by all who are acquainted with the place. The farm is well improved and makes a valuable addition to Mr. McKennon's already extensive holdings.

Oregon Apples

The Oregon Produce Company is having a very busy time now packing and shipping apples. They are putting out some very fine stock and putting some fancy touches on their packing, using some very finely tinted paper so that when the boxes are opened they loom up "heap good" and there is no doubt but that they are putting out fruit that is a credit to this country and will assist to cause the "great influx of desirable home-seekers" which is sure to come this way for desirable homes. Mr. Gust is working night and day, sleeps very little and then keeps one eye open and ready for business day or night.

The Favorites Return

Stewa's Opera House, Thursday, January 19. The Noble Stock Company returns to La Grande for three nights commencing Jan. 19. As will be remembered this is a great repertory organization. The plays are the best, scenery the prettiest, and specialties the most select and refined. They play at popular prices, 25-35-50 cents. They give all an opportunity to witness first class productions at popular prices. In speaking of the Noble Stock Co., Mr. Wolfe, the popular manager, says he has constructed an organization without an equal.

It will be remembered that during their tour through here a couple of years ago, they carried a band and orchestra. Mr. Wolfe says he saw years ago the falacy of carrying musicians instead of actors and thereby taking from the production of the different plays that which people pay their money to see by expending the same amount of money, putting it into better stage people and adding refined specialty features. The Noble Stock Company stands today without an equal in repertory besides the array of acting people.

Mr. Wolfe carries as a specialty the Desmond Trio in the latest songs and dances, who are themselves a show. Their opening play, Thursday, January 19, is a four act melodrama entitled "For Love and Honor."

Os-te-op-a-ty

The following is taken from the March Herald of Health. It is another testimony in favor of the natural method Osteopathy.

The above journal says and true we believe:

All medicines have a harmful effect on the body because they lessen or weaken the vital strength. If therefore a disease disappears through the use of medicine, we can be sure that the disease has not left the system but has only suppressed for the time being and that the first opportunity it will probably reassert itself in another form. This accounts for a great number of the so called chronic diseases, which are nothing other than the results of poisoning by medicines, and which often are much worse than the original disease itself for which medicine had prescribed.

Sad Tidings

Yesterday Mr. John S. Curran of this city received a telegram announcing the death of his eighteen months old son at Nashville, Tenn. Some weeks ago Mrs. Curran was called to the bedside of her mother at Nashville, Tenn., and while she was ministering to the sufferings of her mother, the little son was stricken down by the angel of death. The blow comes to Mr. Curran with tremendous force, as he had only a few days ago received a letter stating that the little fellow was getting along nicely from an attack of whooping cough. Mr. Curran has the sympathy of the entire community.

Cured His Mother of Rheumatism

"My mother has been a sufferer for many years from rheumatism," says W. H. Howard of Husband, Pennsylvania. "At times she was unable to move at all, while at times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried, in fact, she is never without it now and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with. For sale by Newlin Drug Co.
