The county division question is hardly worth discussing, and as a matter of fact about the only persons who are seemingly very much given to its discussion are a few who feel that they stand in line to receive the offices which would of necessity be created by the creation of a new county. It is natural that these persons are anxious to have the new county created.

The size or wealth of the new county is of no particular importance to them. It is the offices that seem important to them. They are willing to appreciate small favors at the hand of the people when large ones are no longer to be had. It is not county division they desire so much as a division of the county funds.

La Grande has reason to congratulate herself upon securing the next annual convention of the Northwestern Fruit Growers Association. It is true it is a year ahead, but this is to our advantage. We will be able to get together and arrange an exhibit which will be a credit to La Grande and Union County. We will be in a position to demonstrate to the delegates then assembled that Union county is one of the best counties in the state. The Hon. G. D. Huffman, Union county's sole representative at the convention is entitled to praise and commendation for having by his energy and ability succeeded in securing for La Grande this convention. There were other towns and cities represented at this meeting who were anxious to have the convention, but Mr. Huffman though single-handed and alone was able to combat all opposition and win the victory.

Every citizen of this city is directly interested in the matter of good roads entering this city. La Grande is very largely dependent upon the valley trade, and the greater ease with which our farmer friends can reach this city the greater the opportunity we will have of securing their trade. It is a fact that a farmer is not going to pull his team to death to come to La Grande when he can drive to some other point with comparative ease. It is also true that the greater the ease with which a farmer can reach this city the more often he is likely to come. It is our duty to see that the

roads entering this city are in such a condition that it will be a real pleasure for those who live in the valley to come to La Grande at all times. This is a matter which should receive the attention of the Commercial Club. We realize that this is not the time of year to work the roads, but it is the time to make preparations for the road building season. It is a matter of vital importance to the business men of this city and such being the case the Commercial Club is the proper organization to take the matter up and see that during the proper season something is done. This road question does not begin in the center of the valley. It begins at our very doors. It is a fact that about as bad a piece of road to be found in the valley is that little stretch between the Oro Dell bridge and the third street crossing. If any one doubts this assertion let him ask some of our Starkey or Hilgard friends where the worst piece of road between Starkey and the post-office can be found and the answer will be, between Oro Dell and the railroad crossing.

Chamberlain's Cough Remedy the Best Made

"In my opinion Chamberlain's Cough Remedy is the best made for colds," says Mrs. Cora Walker of Porterville, California. There is no doubt about its being the best. No other will cure a cold so quickly. No other is so sure a preventative of pneumonia. No other is so pleasant and safe to take. There are good reasons why it should be preferred to any other. The fact is that few people are satisfied with any other after having once used this remedy. For sale by Newlin Drug Co.

Heart Fluttering
