WHAT SOME PEOPLE IN AND OUT OF TOWN ARE DOING.

Mr H P Nomers left today for Enterprise where he will remain during the winter.

Mrs J D Harms of Portland an old resident of this place is in the city visiting friends.

County Manager Osborn of the P S Telephone Company is in Portland on business.

Mr George Miller from the Cove is a business visitor in this City today.

Howard Campbell of North Powder left this morning for Salem. He is strongly against county division.

Dr O T Bacon, W J Church and E W Davis returned from Portland yesterday where they attended the big meeting of Mystic Shriners Saturday.

The many friends of Mrs. F L Meyers, who has been very sick for a number of days, will be pleased to know that she is now rapidly improving.

With the warm rains now falling throughout Eastern Oregon the ice ponds at North Powder have gone to pieces and the harvest has stopped.

Any or all parties who are interested in the establishment of an evaporator in this city will learn something to their advantage by calling at the office of Justice of the Peace, John Hough.

Geo. Miller, of the Cove, leaves tonight for Salem to enter his protest against county division. As Mr. Miller is one of the heavy tax payers of the proposed new county, his views should have great weight with the legislature.

Fred Synhorst, the city superintendent of streets, has certainly been doing a great deal for humanity the past few days by cleaning off the crosswalks. Let the good work continue. There are still a number of crosswalks which need attention.

Os-te-op-a-ty

Osteopathy does not cure everything. Neither is every thing curable. But it has relieved so many sorts of ills that its advocates are justified in claiming that it cures everything curable.

Dr Lorenz's visit to America among other things called the country's attention to the fact that in Osteopathy America claims prior honors for a system of "bloodless surgery" all her own.

LOCAL OPTION AMENDMENTS

When Cain killed his brother Able God asked him, "Where is thy brother Able?" Cain replied, "Am I my brother's keeper?"

President Roosevelt said in his last message that the right answer to the above question is the foundation to good government. Some may question the above assertion, but every school house, every law for the protection of life and property, every soldier sacrifices his life for his country, gives an affirmative answer, while every force for evil gives a negative answer.

So the legislature should not consider any amendment to the local option law that is not in favor of those who are on the side of good government. To listen to those whose only interest in his brother is to get his money by preying on his weakness, is to strike at the foundation of good government, and to lay themselves liable to the belief that they are a boodle legislature, and no better than the Missouri legislature is known to have been, and as T. W. Lawson described the Mass. legislature bought and sold like fish in the market. The people have enacted the law and they should be given a chance to try it before it is killed by amendments.

Mr O T Severs of the Cove was a La Grande visitor today. Mr Severs is very much opposed to division having formerly lived in Iowa in a small county along side of a large one and states it cost them almost as much money to maintain three small counties as it did the larger one. The result was their taxes were always high.

Vinegar Factory the Next Addition

Several weeks ago several of our fruit growers sent a sample box of apples east for analysis by a firm who is desirous of establishing a large cider and vinegar factory in this city. Yesterday they received the results from the parties which were very satisfactory and the parties now desire a sample box of our very late apples. The parties behind the movement expected to be here Feb 1st, but write that they will not be able to reach La Grande before March 1st. This same company now operates several large factories east but are now desirous to establish a western factory.
