North Powder Wants

There is one of three things that North Powder wants in the way of a county.
We want the division made in such a manner that North Powder would be the county seat, or have Clover Creek, Wolf Creek, and that portion of North Powder valley now in Union County annexed to Baker County, or remain in Union County with La Grande as the county seat.
The last is what we want most.—North Powder Citizen.

McMinnville News: One of the fool measures introduced in the Legislature provides for a state bee inspector. His duties will probably be to examine each bee to see if he is afflicted with any disease, rather than to try to make the drones work. Bees in the country all have lives, and that is probably one of the reasons for a state examiner. His principal duties would be to draw a salary.
