Sky-Light Robber

On last Sunday night some person whose identity has not been discovered, broke into and burglarized the saloon of Ulrich Lottes on Jefferson Avenue. The burglar must not have been an ordinary burglar, because, in the first place he did not use burglars tools for forcing the doors, or skeleton keys for opening the doors; in the second place, this burglar came from above, where it is generally supposed few burglars have gone, and from whence it is believed few ever return. In short this burglar broke out one of the panes of glass in the sky-light upon the roof of the house, which place he succeeded in reaching by means of a ladder, and through the opening made, either lowered, or had an accomplice who assisted in lowering him to the floor of the saloon. This burglar was out after the money alone, and did not bother the stock of goods in the house in any manner that could be ascertained, but the cash register was opened, and this he rifled, securing but five dollars which the proprietor had left therein.
