LA GRANDE SCHOOL OF MUSIC

PROF. DAY, Principle.
MRS. DAY, Assistant

This is one of the best musical institutions in the state. During the year 1904 there were nearly four thousand lessons given. The people in this city and valley are beginning to discover the great advantage of this school. The system used is the latest and most practical, and includes all the latest discoveries in the art of teaching music. The school is divided into two departments; No. 1 is for beginners, from 5 years up, and taking in the 1st to 3rd grades. In this department pupils come one hour every day. In No. 2 the grades are from 3 to 15. Here they graduate. Pupils take one or two lessons a week as they desire. No scholars will be permitted to remain in this school who do not study.

Are You Restless at Night?

Music

R P Tait, the pioneer music teacher of Grande Ronde Valley, is still in the ring. During my vacation I made it my business as well as pleasure to attend concerts, operas, and in fact everything in my line of business and I found that I as a teacher, and interpreter of music am still in the front rank. Pupils who do not wish the full conservatory course may take the popular piano course. This places the pupil in position to play the popular music of the day, Church and Sunday School music.

The Violin popular course places the pupil in position to play all kinds of dance music as well as light overtures. Quite a number of musicians who have been under my instruction are now making good money as teachers and soloists. Pupils who are under my care will be thoroughly instructed in music.

Croup

Begins with the symptoms of a common cold; there is chilliness, sneezing, sore throat, hot skin, quick pulse, hoarseness and impeded respiration. Give frequent small doses of Ballard's Horehound Syrup. (The child will cry for it) and at the first sign of a croupy cough, apply frequently Ballard's Snow Liniment to the throat. Mrs. A. Villet, New Castle, Colo., writes March 19th, 1901: "I think Ballard's Horehound Syrup a wonderful remedy, and so pleasant." 25c, 50c and \$1. Newlin Drug Co.

Marked For Death

Warsaw, Feb. 27 — The systematic picking off by the Terrorists organization of the officials responsible for the recent murder of workmen in the streets is causing utter panic among the bureaucracy.

Prince Andronikoff, who has been assassinated, was number one on the death list which has been prepared by the Terrorists.

Prince Vasiltebnkoff another officer of the guards, is number two on the list.

Count Friedrietski, who is number three, has fled, but the terrorists say they will track him to any corner of Europe, no matter how remote, and kill him.

General Novozhiloff, who commanded the troops during the recent riots, is number four on the list, and Baron Molken, chief of police is number five.

Those now rarely go out except when surrounded by Cossacks and preceded by Vedettes who scour the streets through which they are to pass.

Notwithstanding these precautions every one believes that the men are marked for death by the terrorists and will be called.
