A Few Thoughts

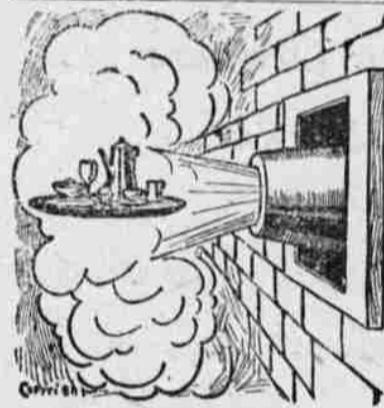

Massage is no more like Osteopathy than it is like the Lorez operation for hip-setting

Misrepresentations do not hurt Osteopathy because science can never be held back by prejudice and slander.

Diseases of summer from cholera morbus to sunstroke are quickly remediable by Osteopathic treatment.

Half a dozen states and territories have legalized Osteopathy within six months. This shows the trend of public thought.

It is not claimed that Osteopathy cures every case but it cures most cases and injures none. That is surely a glorious record.

THE QUICKEST LUNCH

—can be had here. We call it our "rapid fire lunch" because it is served so quickly. It is not fired at our patrons, however, but placed before them in a dainty and appetizing manner. This lunch costs little, and satisfies all but the most robust appetites. At a slightly higher price these can be appeased with more substantial viands.
