The baseball team that has the fans ought not to be troubled about raising the wind.

Don't shut yourself up in a dark cellar and then howl because the other folks get all of the sunshine.

Mayor George H. Williams is an avowed candidate for the republican nomination for re-election as mayor of Portland.

M. De Witt wants to resign because he feels the czar has lost confidence in him. Perhaps Russia is resigned because she has lost confidence in the czar.

Hon. N. C. McLeod and son Walter were in Wallowa Wednesday on a business trip to Lostine. Mr. McLeod still seemed to be intact not withstanding the fact that Union tore him to pieces.—Wallowa News.

Wallowa county has appropriated twice as much for the Lewis and Clark exhibit as Union county and four people will take the interest that they should the county will be creditably represented at Portland. Do not pull back but pull ahead.—News.

There is no need to worry now about the dry season. The rains of the last two days have insured first class crops for this valley. There never was any call for worry, but some of the new comers who did not understand this country thought there was. This valley is never in the doubtful list.

Another train load of home seekers passed through this city this morning. Something should be done to at least invite these people to stop off a day and see the town and valley. Few of the people who compose the thousands who are passing through this town ever heard of the place. They are looking for just such advantages as we offer and if they were to stop off twenty-four hours many of them would become residents.

Cement sidewalks are very desirable and represent a stability that speaks for itself. It is maintained by many that such walks prove to be an investment rather than item of expense, as rents generally increase along such streets. It would certainly be an advantage from the standpoint of general appearance if Adams Ave., had cement walks from the Foley House to Fir street and Depot street from the depot to Washington Ave.

These sections of the city comprise much of the valuable business property of the city and are owned by progressive citizens who naturally must bear the burden of the expense and their wishes in the matter should be taken largely into consideration. If the majority of these property owners are in favor of this advanced step it will be an easy matter to have cement sidewalks this year. We are informed the cost, including gutter complete, will be a trifle less than \$3 per front foot about \$90 per lot. From the expression of several property owners we are of the opinion that if there was a concerted movement to let the contract for all of this at one time, whereby the cost would be reduced to the minimum and this territory would be sidewalked at the same time and in a uniform manner there would be little if any opposition. It is worthy of careful consideration.

Strayed

Gives Health Vigor and Tone

Herbine is a boon for sufferers from anemia. By its use the blood is quickly regenerated and the color becomes normal. The drooping strength is revived. The languor is diminished. Health vigor and tone predominate. New life and happy activity results. Mrs. Belle H. Shiral Middleborough, Ill. "I have been troubled with liver complaint and poor blood, and have found nothing to benefit me like Herbine. I hope never to be without it. I have wished that I had known of it in my husband's lifetime." 50c Sold by Newlin Drug Co.

Croup

Begins with the symptoms of a common cold; there is chilliness, sneezing, sore throat, hot skin, quick pulse, hoarseness and impeded respiration. Give frequent small doses of Ballard's Horehound Syrup, (the child will cry for it) and at the first sign of a croupy cough, apply frequently Ballard's Snow Liniment to the throat.
