Will Keep in Touch

Chicago April 6--At a meeting of the executive committee of the National Association of State Dairy and Food Departments held here, the reports were submitted, showing that 455,000 infants died in the United States last year from the effects of food poisons. Food commissioners from different states, health officers and officers of the national association have arrived to attend the meeting.

The claim of the enormous fatality among infants last year resulting from impure food is made by J N Hurty, secretary of the Indiana state board of health. Mr Hurty produces figures to show that 65 per cent of the total deaths of infants in America last year was due to poisons administered in impure foods and the deadly concoctions placed on the markets by fraudulent food manufacturers.

Renewed efforts toward prohibiting the sale of food products containing poisonous adulterants are to be made by the association.

Banks Consolidate

The merger of the Nevada National bank and the Wells Fargo & Co. bank was ratified at a meeting of the stockholders of the Nevada National, having been previously approved by stockholders of the Wells Fargo & Co. bank. The title of the amalgamated bank will be the Wells Fargo Nevada National Bank of San Francisco. It will have a working capital of \$9,500,000.

Remarkable Child

London April 6--The Lancet gives the particulars of an extraordinary case of multiple personality of a patient between the ages of 12 and 13 years, who developed 10 varieties of abnormal personality.

She was healthy in mind and body until attacked with influenza. Then came the changes in her personality in some cases [the patient is totally and in all cases partially ignorant of her condition during the other states. Acquirements such as drawing and writing, also normal faculties, which are present in certain states are lost in others. While in a blind condition she developed the faculty of drawing by the aid of touch alone.

Her character and behavior in some states differ widely from what they were in others. The phases are varied from a few minutes to 10 weeks. The various stages have lasted about three years altogether, until ultimately a particularly abnormal stage was reached, which remained at the date of the report.

A Rich Mine

Spokane March 6--The Bunker Hill & Sullivan Mining & Concentrating company operating silver and lead mines at Wardner, Idaho, paid a dividend of \$75,000 yesterday. This makes the total paid since January 1 1905, \$375,000 and total to date \$2,640,000.

A wonderful spring tonic. Drives out all winter impurities, gives you strength, health and happiness. That's what Hollister's Rocky Mountain Tea will do. 35 cents, Tea or Tablets.

MILLIONAIRE WEDS CHORUS GIRL

Pittsburg, April 6--In the study of Rev M I McEwen, pastor of the Third Presbyterian church of Pittsburg. Harry Thaw, the young millionaire, was yesterday evening married to Evelyn Florence Nesbit, ex-chorus girl and model. The couple, who have in the past made themselves notorious on both sides of the ocean, were driven to the pastor's residence accompanied by Mrs William Thaw, mother of the groom, and Joseph C Thaw, and there they were met by Mr and Mrs Charles Holman, stepfather and mother of the bride to be. The groom had in his pocket a marriage license, which had been secured for him by a friend today, and he produced it. In a few minutes the words were said which made perhaps the most eccentric of Pittsburg's young millionaires add Miss Nesbit man and wife.

FIFTY FOUR ARE TO STAND TRIAL

Helena, Mont., April 6--When the US court convenes here on April 10, 54 persons will stand before the bar of the court charged with subornation of perjury in connection with what are known as the western Montana frauds. The government alleges that these lands were taken up by the indicted persons, which include those in every walk of life, at the instigation of E M Cobban, and further that Cobban was the agent of United States Senator W A Clark.

The government has brought suits against the senator for the recovery of these lands, while Cobban and his alleged co-conspirators were indicted on charges of subornation of perjury. The demurrers offered by both Clark and Cobban have been overruled, and the cases are set at the head of the docket. The Clark case is civil in nature, while those of Cobban and others are criminal.

E E Cushman, assistant US attorney general, with headquarters at San Francisco, will, it is understood, assist in the prosecution along with other special counsel. The cases promise to be the most interesting of their kind ever tried in Montana. More than 100,000 acres of land are involved.

Mayor Stands Firm

Cleveland, Ohio April 6--Mayor Johnson refused to comply with the city council resolution of last Monday night that he either apologize to the members of that body, whom he accused of accepting bribes, directly or indirectly, or take the charges into court. The mayor said that he would not do either and asserted that he still believed that "certain interests had more influence with the voters of the council than the 40,000 voters."

Feel tired, no appetite, cannot sleep work or eat? That's spring tiredness and will disappear at once if you take Hollister's Rocky Mountain Tea this month. 35cents, Tea or Tablets.
