## Baker City Not Satisfied TO RUN BIG STOCK RANCH

In behalf of the citizens League a committee waited on the county court yesterday with the view of having a revised census taken of Baker City. After the matter was explained to the county court it agreed to bear the necessary expense of taking such revised census on condition that the revised census would show a material increase in the event that it fails to show such increase the Citizens League agreed to bear the expense.

The committee then waited on County Assessor Fleetwood who, after a thorough discussion of the matter, consented and agreed that such action should be taken and that the League should appoint two independent persons for that purpose. This will be done and the assessor and his deputies have kindly volunteered to assist and check the whole revised list when taken, with a view of obtaining an accurate census of Baker City—Democrat

### Osteopathic Medicine

Skeletal adjustment, glandular activity, the free unimpeded flow of blood and lymph and the normal vibration of nerve energy throughout the body—such are the factors which Osteopathy uses to restore health. These are the "osteopathic medicines." There does not seem to be much risk in pinning one's faith to such healthful agencies—does there? How different from drenching the system with poisons!
