VOLUME IV

LA GRANDE, UNION COUNTY, OREGON THURSDAY, APRIL 13, 1905

NUMBER 141

BOTH SIDES BITTER

Chicago April 13—What was considered a final conference on both sides in the teamster's strike adjourned this morning, having failed to agree upon any plan by which the strike could be arbitrated. The teamsters insist that the garment workers should be considered in any settlement, but the employers refuse to arbitrate anything but the teamsters phase of the dispute. The executive board of the Federation of Labor will be called to consider the calling out of the express drivers and affiliated unions, with a view to extending the strike. The employers will also hold a meeting this afternoon to the purpose of forming a plan for offensive campaign. Each side is determined and bitter. Minor disturbances characterized the progress of the strikes this morning.

Burton Again Indicted

St. Louis April 13—The federal grand jury today again indicted United States Senator Burton, of Kansas, on five counts, and three of the five charged are that he made an agreement with the Rialto Grain and Security Co to protect them from postal investigation. The other two are on the grounds that he accepted money for these services.

Dismissed From Army

Washington April 13—The court martial in the case of Capt. George W. Kirkman of the 25th. infantry, Fort Niobrara, Nebraska, sentenced him to dismissal from the army. The principal charge against Kirkman was his relations with the wife of a fellow officer. The woman recently committed suicide.

Mrs. Emma Dickey and daughters, Ruth and Genevieve, of Baker City, are guests of Mr. and Mrs. Geo. H. Currey.

Famous Race Track

Baltimore April 13—This is the date set by the court for the sale at public auction of the famous Pimlico race-track, and unless the Maryland Jockey Club succeeds in saving the property by bidding it in, the land will probably be cut up into building lots. This will not interfere, however, with the approaching spring meeting of the jockey club.

The sale of Pimlico marks the passing of one of the most famous race courses in the east. Pimlico's memorable contest was the great race during the fall meeting of 1877, in which Pierre Lorillard's celebrated horse Parole was the winner. The race was a 2-mile and a half three-cornered event with Parole, Ten Broeck, and Occhiltree as contestants. To witness the race in which such celebrated entries were scheduled, people from all over the United States flocked to Baltimore and so great was the interest in the affair that congress adjourned to allow its members to attend.

ARGUMENT IS CONTINUED

(By Scripps News Association) Indianapolis, Ind., April 13.—Six masked burglars this morning early dynamited the safe in Gandy's bank and secured over six thousand dollars. The family was awakened by the explosion and attempted to prevent the robbery. In the shooting which followed, Mrs. Gandy, wife of the banker, was shot in the neck, but the injuries are not fatal. The robbers made good their escape.

ADOLPH WEBER TO BE SENTENCED

(By Scripps News Association) Auburn Cal., April 13.—Adolph Weber, convicted of the murder of his mother, and who is also accused of the murder of his father, brother and sister, appeared in court today for sentence. When the case was called, the prisoner was asked to stand up by the court. He looked pale and worn, and had to be lifted to his feet by the sheriff. The defendant's attorney filed numerous affidavits to support a motion for a new trial.

ARGUMENT NOT OVER

Auburn Cal., April 13 3:30 p m.—At three-thirty the attorneys are still arguing. The prosecution has intimated that it does not deem it necessary to file counter affidavits to anything thus far brought out by defense. In that case, Judge Prewitt may dispose of the motion for a new trial today, and it is freely predicted that he will refuse to grant a new trial, and will probably pronounce the death sentence.

TO USE THE SUBMARINES

Newport, R. I., April 13.—The third committee of the Fortification Board, of which Rear Admiral Charles M. Thomas, U. S. N., is chairman, is devoting special attention to the dangers incident to the use of submarine mines, and it is learned that in the forthcoming report emphasis will be placed on the advantage of substituting submarine boats for mines in harbor defenses.

Bench warrants were immediately issued by Judge Humphreys for the apprehension of the persons named in the warrants.
