At Baptist Church

A full house fortells the workers at the Baptist church last night. Mr. Ellis spoke with even deeper power and tenderness than before, the sermon making a deep impression. A number expressed a desire for prayer. There are accessions to the church at each evening service.

Mr. Ellis will speak tonight from the theme "The hand writing on the wall." You are cordially invited to the service tonight. Come early. Special music.

Japs Broke Faith

(By Scripps News Association) Washington April 13—The State Department today made public the official correspondence which discloses the fact that the Japanese Government had announced to Minister Griscom at Tokyo, on February 6th of last year, the breaking of diplomatic relations with Russia, and assuring him that hostilities would not begin until a declaration of war had been made. The fighting actually began on Feb. 8th.

Don't Borrow Trouble

It is a bad habit to borrow anything but the worst thing you can possibly borrow, is trouble. When sick, sore, heavy, weary and worn-out by the pains and poisons of dyspepsia, biliousness, Bright's disease, and similar internal disorders, don't sit down and brood over your symptoms, but fly for relief to Electric Bitters. Here you will find sure and permanent forgetfulness of all your troubles, and your body will not be burdened by a load of debt disease. At Newlin Drug Co drug store. Price 50c. Guaranteed.

Don't let the children suffer. If they are fretful, peevish and cross, give them Hollister's Rocky Mountain Tea. The best baby tonic known. Strength and health follow its use. 35 cents. Newlin Drug Co.

Ballard's Horehound Syrup

Immediately relieve hoarse croupy cough oppressed, rattling, rasping and difficult breathing. Henry C. Stearns, Druggist, Shalburg Wis., writes, May 20 1901: "I have been selling Ballard's Horehound Syrup for two years and have never had a preparation that has given better satisfaction. I notice that when I sell a bottle they come back for more. I can honestly recommend it. 25c, 50c, \$1.00—Newlin Drug Co.

A Dandy For Burns

Dr. Bergin, Pana, Ills., writes: "I have used Ballard's 'New Liniment' always recommended it to my friends as I am confident there is no better made. 'It is a dandy for burns. Those who live on farms are especially liable to many accidental cuts, burns, bruises, which heal rapidly when Ballard's Snow Liniment is applied. It should always be kept in the house for cases of emergency.' 25c, 50c \$1.00 bottle—Newlin Drug Co.

Health Is Youth

Disease and Sickness Bring Old Age. Herbine, taken every morning before breakfast will keep you in robust health fit you to ward off disease. It cures constipation, biliousness, dyspepsia, fever, skin, liver and kidney complaints. It purifies the blood and clears the complexion. Mrs. D. W. Smith Whitner, Texas, writes April 3 1902: "I have used Herbine and find it is the best medicine for constipation and liver troubles. It does all you claim for it. I can highly recommend it. 50c for a bottle—Newlin Drug Co.

TRACK TEAM AT WORK

Our High School boys are now in active training for the Field Meet which takes place this year at Baker City on May 20.

Claire Gilliam is Captain, and they have secured the services of the well known athlete, J. H. Peare, to give them a course of special instructions.

The boys have a track just east of the court house where they practice several evenings of each week. While we have a number of boys who are making remarkable development for the time and practice they have had, it will take several weeks for them to know just where their strong points are. While it may not be the proper thing to give the time of any of the events at this date, yet Raymond McKennon is expected to beat the time that won the 100 yard race last year by Baker City, which was under 11 seconds.

Quiet Wedding

At a quiet little wedding at the residence of Mr. and Mrs. W. A. Hauser, Mr. Frank Suydam and Miss Treacy Crowl were united in marriage by Rev. O. H. King, at eight o'clock last night.

The bride looked charming in a dainty blue mill elaborately trimmed with white lace and ribbons and wearing cherry blossoms with foliage. The groom wore the conventional black, and looked very happy (as a groom should.)

After the ceremony, a dainty supper was served, after which the young couple left for their home on the north side where they will go to housekeeping at once.

The bride is one of the young twin daughters of Mr. Jas. Crowl, one of the early settlers of La Grande, and is well known and beloved throughout the community. The lucky groom is one of the most promising of La Grande's young contractors and is rapidly making a place for himself among the best builders of the county.

Their many friends join in wishing them long life and happiness.

3800 Acres

Field superintendent F. S. Bramwell stated that this years acreage of the sugar factory will exceed anything in the previous history of the factory. The total contracts now exceed 3800 acres, and as much of this land can be irrigated if the season demands it, it is safe to presume that the average yield will not be any less than last year, when it was nine tons to the acre. Using this as a basis we will have 34,000 tons of beets which means that the growers will receive \$17,000 and the factory will run about 120 days. The beet industry of this valley is growing very rapidly.

Centennial Notes

The Experimental Gardens at the Lewis and Clark Exposition have been abandoned, inasmuch as the remarkable demand for exhibit space necessitated the utilizing of this tract for buildings.

A test has been made of all the electric lighting effects at the Lewis and Clark Exposition. This proved exceedingly satisfactory and after a few minor details have been attended to the Exposition will be ready for public inspection.

The enormous Ionic columns for the Oregon state buildings at the Lewis and Clark Exposition have been placed in position. The building now presents a very imposing appearance. Work upon all the other state structures is progressing with much rapidity.

The great crowds which throng the Lewis and Clark Exposition during the pre-exposition period have necessitated more turnstiles, which will be installed immediately. Plans for the permanent entrances have been prepared, and work on them will be started shortly.

Good News

We are informed that the New York parties who are interested in the Electric railroad will leave for the Grande Ronde Valley on the 26th of this month and it is expected that the work of construction will follow their arrival.

No Appropriation

Madison Wis., April 13—The assembly by a vote of 51 to 41 yesterday killed the second measure to appropriate \$20,000 for the Portland exposition.

Jersey Cream Patent Flour. Every sack guaranteed by Romig & Staples.

Senator Jones Fined

(By Scripps News Association) San Francisco April 13—United States Senator Jones was fined \$273 and costs in Judge Murak's court this morning for his failure to appear as a witness at the trial of a suit for \$270,000, brought by Capt. William Novall against William Fleming which was to have begun last Tuesday. The case was continued until April 24th., at which time further costs will be assessed if the Senator fails to appear. He is now in Canada.

Women Elect Officers

(By Scripps News Association) Washington April 13—Mrs. Mary Wood Smith, of San Francisco, was today elected president of the National Council of Women now in session at this place. Mrs. Belinda H. Bailey, of San Francisco, was elected corresponding secretary.

Eleven Killed

(By Scripps News Association) St. Petersburg, April 13.—A derelict at the Puttloff Works fell this afternoon, killing eleven men and injuring fifteen others.

Another Consolidation

Baker City April 13—Articles of incorporation of the Baker Light and Power company, with a capital stock of \$400,000, were filed with the county clerk this afternoon. The incorporators names appearing on the instrument are C. A. Johns, F. N. Averill and J. H. Parker. This corporation in its new form takes over the holdings of the Rock Creek Power Company and the Baker City Gas and Electric company. It was for this purpose that I. W. Anderson of Spokane came here last night. He stated today that there was no movement or decision to alter the operating and administrative forces as now constituted.

ONE MILLION IN ONE YEAR

Seattle, April 13—Donald McDonald, who about a year ago purchased the Lillooet mining claims near Clinton, just across the Canadian border, at a receiver's sale for \$600, has disposed of the properties at \$1,000,000. The deal has just been closed. An English syndicate was the purchaser. At the time McDonald bought the claims he remarked that he might be beaten, but would develop them and try to get his money back.

School Exhibit

Through the kindness of superintendent Hoekensberry and the teachers an Observer representative was permitted to view the work prepared by the La Grande schools for exhibition at the Lewis and Clark fair, as it was being prepared for shipment.

The work is all carefully arranged and tight here we desire to emphasize the character of the work and all who visit the fair from this county should make it a point to examine it. Those who do not attend will have an opportunity to view it when it is returned from the exhibition.

Those who are not in touch with the work that is now being turned out by our public school (and from the monthly report of the number of visitors, it means the most of us) can comprehend the high character of the instruction that is being imparted in all the grades. There are drawings not from an occasional scholar but dozens of them in all the grades, which simply must be seen to be appreciated.

We are all proud of our public school and we have every reason to be, but the facts are, very few of the patrons personally visit the school and become acquainted with the actual workings. La Grande has a splendid public school and the work of the pupils large and small is conclusive evidence of the capabilities of their instructors, and every reader of this article, fortunate enough to spend an hour, or longer in carefully going over the work in detail, will be more than repaid.
