Will tell you that the success of a prescription depends on the purity of its ingredients. There is as much variety in medicine as in other merchandise. In our prescription-filling "Quality" is always our first consideration.

You can implicitly trust your prescription to us—quality, accuracy and the right price—are the never failing trio upon which we think we have a right to appeal for your patronage.

The electric railway mileage of the United States is 22,577.

Unfortunately, it is also the season for planting revolutions in South America.

At the Ontario Experiment Station Alsike clover yields more hay per acre than red clover.

The value of the trolley companies of Chicago is \$117,000,000. Not much, and Judge Dunne will pay it, of course.

But who can dare to say that the peach crop was injured when gazing on the countless beauties on the streets of La Grande in search of the Easter hat?

The gold standard will go into effect May 1 in Mexico, as relating to the handling of all fiscal affairs of the general government and the individual states.

Arizona does not raise very much wheat, but it raises more than all of the New England states put together. Colorado raises more wheat than New York and New Jersey and New England combined.

In Germany a publisher of a newspaper was fined recently because he published an advertisement occupying a quarter of a column. The complaint was that the advertisement was out of proportion to the other ads in the paper.

The suggestion of the St. Louis brewers that the battleship Missouri be christened with beer has a precedent in the fact that the battleship New Jersey was christened with champagne of home production on the Jersey Flats.

William J. Bryan said in his Jefferson Day speech: "I believe that regulation of the railroads will ultimately lead to public ownership and, in order to avoid the danger of centralization, I would prefer to see the trunk lines only owned by the federal government, and the local lines owned by the several states."

California has decided to follow the example of some of the states of the Middle West, which have been distinguished for the success of their state fairs, and will hereafter permit no pool-selling or gambling on its state fair grounds. We have no doubt that in California, as in other states, this prohibition will increase instead of decrease the attendance. It is a hard blow at the character of the people of any state to say that its state fair can not succeed without the aid and revenue derived from privileges for selling pools, intoxicating liquors, etc.—Oregon Agriculturist.

## KEEP UP THE FIRE

Constant action along the firing line is what will count in the benefits for Oregon this year. The great army of promoters of Oregon interests should not rest content with bringing a few small guns to bear on the situation, but should keep the heaviest siege guns continuously at work. The gunners are beginning to get an accurate range and the fire is having effect. It must not be allowed to slacken for cessation gives the offensive a back-set and the reduction will need to be done over.—Oregon Booster.

Disease and Sickness Bring Old Age  
Herbina, taken every morning before breakfast will keep you in robust health fit you to ward off disease. It cures constipation, biliousness, dyspepsia, fever, skin, liver and kidney complaints. It purifies the blood and clears the complexion. Mrs. D. W. Smith Whitney, Texas, writes April 3, 1902: "I have used Herbina and find it is the best medicine for constipation and liver troubles. It does all you claim for it. I can highly recommend it. 50c a bottle—Newlin Drug Co."
