Action Discussed

By Scripps News Association

Chanute, April 18.—The Standard
Oil Co's sensational reduction of the
price of crude oil, created no conster-
nation in this field where the Stand-
ard-Oil has already done its worst.
Said one oil expert, "Practically not
buying any oil in Kansas anyhow. The
trust has about six million barrels in
storage and recently has been buying
as little as possible." It is said that
recent move will hurt territorial pro-
ducers considerably.

NEW HOPE FOR WOMEN

Woman's ills, according to the Os-
teopath, are usually due to a distur-
bance of the blood supply to the pelvic
organs. Ordinarily this is a conges-
tion—there is too much blood sent to
the pelvic regions; it is not drained
back through the veins with equal
celerity; and the overcharge of blood
throughout the genito-urinary sys-
tems makes these parts heavy, weak,
feverish and congested—in a word,
functionally over active, inflamed.
There is pelvic inflammation at the
basis of most of woman's ills. To
cure these ills this inflammation must
first be cured. A normal blood sup-
ply must be restored.
