Are any steps being taken to secure the establishment of a hospital in this city?

President Roosevelt's attendants all testify that he is leading a strenuous life in camp as well as in the White house.

Twenty-two thousand dollars is the amount of the April school apportionment of the county, being four dollars each for the 5460 scholars enumerated.

There is little if anything being said with reference to the school election which will be held on the 28th. of this month to vote bonds for the new school house.

At the prices that cured meats have prevailed for the past five years, there is certainly a splendid opening here for a packing house, which would be supplied not only from Union but Wallowa county.

It is the oft repeated story. Two murders in Wallowa county over land and a fight in La Grande over a water right. These two causes have resulted in more bloodshed and hard feelings than possibly any other two causes in the West.

The ladies of the sanitary commission, who visited the grocery stores in Portland, have done a good work. Their influence has extended all over the state. It is stated that one La Grande groceryman in this city took the hint and made a general clean up. The general public on many occasions are not overly careful regarding the quarters from whence other provisions and meats are offered for sale.

The supreme court of the United States has passed upon a highly important question in deciding the 10 hour case from New York. In that case a baker was arrested and fined for permitting men to work in his place longer than 10 hours, a state law having been enacted prohibiting it. The supreme court held the law unconstitutional. From the abstract of the report of the decision carried by the dispatches it would seem the court made a distinction between the making of a given number of hours a legal day's work and the prohibiting of longer working hours. That disposes of an issue often raised in connection with all legislation of that character. The right to work so long as one wishes is thus insured. Though ten or eight hours may be a legal day's work, the individual can agree to work so much longer as he pleases. That is optional between the employe and the employer and is a natural right which cannot be taken away.

"A little nonsense now and then is relished by the best of men," is exemplified in acts of the president at the present time.

It is about time that steps should be taken to store the waters of Grande Ronde river for irrigation purpose.

(By Scripps News Association)
Washington April 19—Marian Toribio, a justice of the Peace at Maricopa, Luzon, is under arrest, charged with sedition, according to advices here. It is said that Toribio wrote letters intended to incite the people to rebellion.

Health is Youth

Disease and Sickness Bring Old Age. Herbine, taken every morning before breakfast will keep you in robust health fit you to ward off disease. It cures constipation, biliousness, dyspepsia, fever, skin, liver and kidney complaints. It purifies the blood and clears the complexion. Mrs. D. W. Smith, Whitney, Texas, writes April 3 1902: "I have used Herbine and find it is the best medicine for constipation and liver troubles. It does all you claim for it. I can highly recommend it. 50c a bottle—Neelin Drug Co."
