A Dandy For Burns

Dr. Bergin, Pana, Ills. writes: "I have used Ballard's Snow Liniment: always recommended it to my friends as I am confident there is no better made. It is a dandy for burns. Those who live on farms are especially liable to many accidental cuts, burns, bruises, which heal rapidly when Ballard's Snow Liniment is applied. It should always be kept in the house for cases of emergency." 25c, 50c, \$1.00 bottle—Newlin Drug Co

DESCRIPTIVE LITERATURE

Since the railroads have refused to give us permission to circulate descriptive literature of the resources of Union county we have one opportunity that few points enjoy, and that is so long as the Exhibit Hall is maintained at the depot, the trainmen are instructed to notify the passenger trains that at La Grande there is an exhibit hall and time is given all who may wish to view it. Those who are at the depot, especially of evenings, when the west bound arrivals can readily note the advantage of placing a small circular in the hands of those who leave the trains to see the exhibit. After viewing it they would then read more readily than if they had never seen our big red apples, grains and etc. Here is an opportunity that should receive the attention of the Commercial Club. Again if we are to have an exhibit at Portland it is time that literature should be prepared and placed in the hands of the party who will have care of the county exhibit. The time is limited.

James J. Hill will dispose of his St. Paul paper. He probably found that even if he did own the Globe, he could not move the world with it.—Spokesman Review.

Last Saturday, April 22nd, the Territory of Oklahoma was "sweet sixteen," and throughout the Territory her birthday was celebrated with befitting ceremonies and the arrangement of plans for the great state she will be in the future.

The proposition to erect a hospital in this city is receiving attention by persons who are in position to assist in such an enterprise. La Grande is certainly a good point for a hospital and the proposition would certainly meet with the co-operation of the citizens of this city.

Think over the matter of a cannery for this city and attend the business men's meeting and offer whatever encouragement you can. La Grande needs a better labor market and a cannery will not only offer this but will also furnish a market for much of the fruit which now is a total loss to the grower.

When that delegation of Chicago business men arrive in this city, every citizen of this city should consider himself a committee of one to do all in his power to assist the committee appointed by president Miller. It is up to La Grande to make a good impression, and there is that in this city and surrounding country which will furnish the visitors something pleasant to think about for many years if our citizens take the pains to see that it is properly exhibited.

Army, navy and even the internal reformers of Russia appear to be going slowly at the present time.

Rider Haggard is disgusted with travel in the United States finding fault with the immense distances he has to pass over while seeing the country. A man must travel much, to be sure, to see a country as large as the United States, but, after all, it is much easier getting about than Mr Haggard found it in South Africa when he was first laying in the material for the books that made him famous.—Spokesman Review.

Will Plant Oysters

Corvallis, Or., April 24.—A carload of eastern oysters is expected to arrive in Corvallis today. There are in the shipment 170 barrels of the bivalves, each barrel containing from 10,000 to 15,000 oysters.

Dr. Davis expects to plant the oysters in the Yaquina bay oyster beds—the experiment having been tried a few years ago with only indifferent success. It is hoped to make the industry a paying one in the future, and Dr. Davis is the first to venture into it.

Disease and Sickness Bring Old Age. Herbine, taken every morning before breakfast will keep you in robust health fit you to ward off disease. It cures constipation, biliousness, dyspepsia, fever, skin, liver and kidney complaints, it purifies the blood and clears the complexion. Mrs. D. W.
