It will soon be in order for the press of Russia to comment upon riots in Chicago.

If there is any way to have it become popular for at least a few of the thousands who are coming to this coast during the next few months to stop off to see Grande Ronde Valley, it certainly would result in increased population for Union county.

It is conceded that there is always a man for the occasion. Who is he or where is he that can organize and put into execution the scheme of inducing many of the homeseekers to stop over at La Grande while passing through.

It is to be hoped that the public will cease to hear anything more about the Nan Peterson case. The principals were simply notorious criminals and were never intitled to the space the press of the land has given them.

Jefferies, champion of the prize ring proposes to retire while he is champion. He has all the glory that can be attained and as he states that there is no money in the business, his decision from such a standpoint is quite practical to say the least.

Let every member of the La Grande Commercial club attend the meeting this evening. Business of importance to the city will come before the meeting and every member should be there. A proposition looking toward an increased pay roll for La Grande will be made and it is desired that every club member be present to enter into the discussion which should follow the statement outlining the plan.
