

An Opportunity For Home Seekers

700 acres of choice Farm and Orchard Land will be sold in large or small tracts to suit purchaser.

This farm is only 15 miles from La Grande, on the Elgin branch of the O. R. & N. Railroad, and is what is known as the Henry Rinehart Farm, and is located at the Rinehart Spur. This farm touches the foot hills and is watered with numerous springs, and a beautiful spring branch of pure living water. The land may be divided into FORTY OR EIGHTY ACRE TRACTS, every one of which is supplied with living water. This splendid tract contains sufficient land to furnish homes for twenty or more families. Remember this farm is under cultivation and every foot is a wealth producer. One tract now has over ten acres of young bearing orchard, which is ABSOLUTELY FREE FROM PEST.

This farm has a complete railroad and county road connection, and is located in a school district which is free from debt and maintains a good six months school.

Address, HENRY RINEHART, SUMMERVILLE, OREGON.

Or call at the farm for full particulars. Terms and complete description.

A Busy Place

If you want to see a busy place, you should go to the neat and up-to-date ballroom parlors of Al Andrews. On account of the increase in business, he is now employing eight experienced workmen, where heretofore he only employed three. This speaks well for the town and shows that it is prosperous, for it necessarily follows that the more prosperous we are, the better clothes we adorn our persons with. This increase in the number of workmen, all of whom are skilled and experienced, also adds a large sum to the pay roll in the city. Mr. Andrews states that the increase in business is not only due to the city trade alone but numbers of orders come from Union, Elgin and other points in this county, as well as from points in Wallawa county. An industry like this speaks well for the proprietors and for our city.

New Cases

As the time for the June term of the circuit court approaches, the docket begins to increase. Among those recently filed are Thos J Edmonds vs L E Edmonds, wherein the plaintiff is suing for a divorce and custody of the minor children. The parties reside at Perry.

Dulle Randall vs Union County. This is an appeal from the action of the county court in denying the petition of a county road.

Geo H Powers vs H W Dwight. The plaintiff is suing the defendants for commission on the sale of his farm.

John H Leigh vs Wm Stoop wherein the plaintiff is taking action to set aside a deed given by the defendant to his wife.

O H Finn vs Mary G Nelson. The plaintiff claims ownership to certain property which is covered by a deed in the name of the defendant.

G E Fowler vs B L Snow. This is a similar action to the one above.

Issue of Veracity

(By Scripps News Association)

Ex-minister Bowen's response consists of fifteen typewritten pages. He absolutely denies any responsibility or public action in regard to the stories from Caracas reflecting upon the integrity of assistant secretary Loomis. This raises a direct issue of veracity between himself and Loomis, the latter having charged that Bowen caused the publication of the stories. Bowen says that the stories are current gossip at Caracas, and that he communicated them to the state department as they reflected upon the honor of the Government.

Tornado Caves

Lawton, Okla. May 17—It is estimated today from reports received from towns in the "new country" that 5000 caves are being dug. City officials and town boards are urging this, and some of them have passed ordinances requiring it. At Hinton, Oklahoma, the following official public notice has been published.

"On nights when clouds look at all dangerous a sentry will be stationed in the bell tower, provided with a repeating shot gun. If there is apparent danger he will ring the bell and fire a number of shots in quick succession. Also any person who sees a storm coming when the sentry is not stationed will be expected to fire a gun"

Imposing Building

Portland Ore, May 17—The state of Washington building at the Lewis and Clark centennial will be completed before the end of the present week, and already men are installing the state exhibit.

The Washington building has been erected on the most commanding site on the grounds. It is an imposing building and makes its impression on all who see it. From its windows the visitor can look over the lake and across at the government island, while the trail is but 100 yards away. The Washington exhibit will be without doubt among the most attractive of late representations.
