Whereas, The intimate relations held
during a long and useful life by him
with the members of this lodge make

Made Good Posts

A newspaper in the state of Wash-
ington gives on item which shows
what can be done in the way of raising
trees under favorable conditions in
Eastern Washington. Mr. T. F. Dice
has placed on exhibition in Prescott
the stump of a locust tree which was
planted forty years ago by Mr. Samuel
Erwin. When cut down there were
made from the tree 122 fence posts and
over a cord of wood remained. It is
said that this stump will form a por-
tion of the Washington exhibit at the
Lewis and Clark Exposition.

Growing Aches and Pains

Mrs. Josie Sumner, Bremont, Tex-
as, writes, April 15, 1902: "I have used
Foley's Snow Liniment in my family
for three years. I would not be with-
out it in the house. I have used it on
my little girl for growing pains and
aches in her knees. It cured her
right away. I have also used it for
frost bitten feet, with good success.
"It is the best liniment I ever used."

Thos. S. Austin, Mgr. of the "Republi-
