

An Opportunity For Home Seekers

700 acres of choice Farm and Orchard Land will be sold in large or small tracts to suit purchaser.

This farm is only 15 miles from La Grande, on the Elgin branch of the O. R. & N. Railroad, and is what is known as the Henry Rinehart Farm, and is located at the Rinehart Spur. This farm touches the foot hills and is watered with numerous springs, and a beautiful spring branch of pure living water. The land may be divided into FORTY OR EIGHTY ACRE TRACTS, every one of which is supplied with living water. This splendid tract contains sufficient land to furnish homes for twenty or more families. Remember this farm is under cultivation and every foot is a wealth producer. One tract now has over ten acres of young bearing orchard, which is ABSOLUTELY FREE FROM PEST.

This farm has a complete railroad and county road connection, and is located in a school district which is free from debt and maintains a good six months school.

Address, HENRY RINEHART, SUMMERVILLE, OREGON. Or call at the farm for full particulars. Terms and complete description.

The Nurse and the Doctor

Will tell you that the success of a prescription depends on the purity of its ingredients. There is as much variety in medicine as in other merchandise. In our prescription-filling "Quality" is always our first consideration.

You can implicitly trust your prescription to us—quality, accuracy and the right price—are the never failing trio upon which we think we have a right to appeal for your patronage.

GOAT TEAM OF V. EDWARDS.

UNIQUE ADVERTISING PLAN

Among other business which will come before the meeting tonight at the Commercial Club, will be a proposition from Mr. Edwards to drive from this city to the Lewis and Clark fair with a four goat team and scatter advertising matter for the city and county. Mr. Edwards made a similar trip from Nebraska to Denver and created considerable comment. He has press notices from nearly every paper along his line of travel and many pictures of his wonderful goat team and handsome coach.

Quite An Industry

The Pendleton wool scouring mills have purchased 3,000,000 pounds of wool this year and has its plant running day and night with shifts of 35 men each, cleaning the wool. Four thousand pounds of the scoured product are turned out daily from 16,000 of the raw material put through the vats. The wool shrinks about 74 per cent in the cleaning process. The scoured wool is selling at 65 cents a pound L. O. B. Pendleton. This is being baled as fast as cleaned and the grease wool baler will be started next week to bale such wool as will be sent east uncleaned.

The Furnish warehouse has received so far this season about 400,000 pounds of wool from north of the city Echo and from the Pilot Rock district with dozens of loads coming in daily.

A second baling machine is being installed which will handle a larger amount than last year, which was over 3,000,000 pounds. The larger part of the wool being brought to town is sold and as soon as baled will be shipped to the Boston markets.

There are many kinds of meat, but we sell only the best kind. A trial order will convince you of the truth of this statement. We kill only the best specimens and kill it correctly.

Our prices are as low as consistent with the best quality.

A Great Race

The great yacht race is on and eleven of the best have started to cross the Atlantic ocean in a contest of speed for a gold cup valued at \$5000, offered by the German emperor. It will be a great test of the speed and endurance of these light boats. Those which have won the American cup each year, have been built for speed alone. They are mere shells built with no purpose in view other than to win the contest at Sandy Hook.

Most of the yachts entered for the Kaiser's cup have crossed and recrossed the Atlantic and all have been built for pleasure sailing. Instead of two or three contestants as was expected there are eleven. The distance from Sandy Hook, the starting point, to the southeast coast of England, the destination, is 3000 miles. Under normal conditions the contest will consume about 12 days. The last transatlantic yacht race took place in 1887, the winner being the Coronet. It aroused great interest in Europe and America, and there is no doubt that the coming one will.

Most of the competing boats are owned by Americans. There are many who, because of this country's repeated victories at Sandy Hook, confidently expect an American boat to win. But the races for the America cup have been under such peculiar conditions that they afford no sure foundation for American confidence. There is some reason to hope that American genius in designing and skill in seamanship will again triumph and bring to this country the coveted trophy. But it may go to England or to Germany.
