Furious Fighting

An exchange says: A lady friend sends in a request which can best be voiced by using her own language. Mr. Editor: A lady wants to say a few words to the grocery merchants, and really it is a delicate subject to handle. You know it is near the time when our grocery men set their vegetables outside on the pavement, and do you know there are many tall dogs in the town? Now, Mr. Editor, you must know what I mean to say, and if you will do the public a great favor. What we want is the vegetables on boxes, or in other words, above highwater mark. For the good of women and mankind, the grocers will please attend to it. Those wire screens they use over baskets and barrels are not water tight. This is a delicate matter, but, you know, when a lady goes shopping for cabbage and beets, she doesn't like to be obliged to get pens also. Please put in shape so as to offend no one. A Housekeeper. —Dayton Chronicle.

GRAINING AND

ART DECORATING

Why not get your painting done well when you can have it cheaper than it takes for the average dauber to spoil it? Get used to having nice wood finishing on the inside of your dwelling. Egg shell and velvet gloss, "mirror polish" etc. S. D. Kinney can grain up your old painted rooms and make the wood like fine, quartered oak furniture.
