Some Moves of Army

(Scripps News Association) London, June 21.—A St. Petersburg correspondent of the Times wires that three columns of Japanese are moving parallel with the coast in Northeastern Korea, with the apparent purpose of converging at Possiet Bay, six miles southwest of Vladivostok. A large fleet of transports has sailed from Genzan for the same point.

STOESSEL JUSTIFIED St. Petersburg, June 21.—The commission appointed to investigate the circumstances of the surrender of Port Arthur by General Stoessel today reported that the surrender of the place was justified.

JAPS HAVE POSITIONS St. Petersburg, June 21.—Reports from the front of June 20th state that the Japanese have retired along the whole front from the Monolian frontier to Korea, and the Russians immediately occupied the former positions.

Later the Japanese made vigorous attacks on the left flank ransacking several towns.

LOOKS LIKE ARMISTICE Washington, June 21.—It is intimated in official circles that negotiations are proceeding looking toward an armistice between Japan and Russia.

HURRYING MATTERS St. Petersburg, June 21.—The visit of ambassador Meyer to the foreign office last night is believed to relate to a new move of President Roosevelt to hasten peace negotiations, particularly with reference to an armistice in Manchuria.

Kops Galore

There will be sufficient police to take care of any amount of unruly Hobos, under the world wide reputation of Chief of Police force, Hobo Lou.

THIRTY WAGONS WERE BLOCKED

(By Scripps News Association) Chicago June 21—Thirty wagons of the American Express company were blocked by teamsters at Clinton and West Van Buren streets for several hours this morning. A mob of several hundred strike sympathizers surrounded the wagons and resisted the deputies. The police finally dispersed the crowd and released the wagons.

Japanese Hold Fund

(Scripps News Association) Chefoo, China June 21.—The local missionaries, who, previous to the war between Japan and Russia, had stations in Korea and Manchuria, complain that they are unable to secure their mission funds from Port Arthur Bank, the bank books of which are being held by the Japanese. The bank officials claim that they are powerless to settle the bank's affairs or to pay out money.

SHOOTS EIGHT PEOPLE

(By Scripps News Association) San Francisco June 21.—A man supposed to have been Thomas Loeb, armed with a rifle, a shot gun and a pistol, barricaded himself in his own room on the fifth floor of the United States Hotel at seven thirty this morning and, firing from the window, shot eight passers-by and one policeman. After committing these dreadful crimes, he put the shotgun into his own mouth and blew off his head. The wounded are O T Chevalier, shot in the left eye, Wong Quong, shot in the left hand, police officer Patrick Kirsane, shot in the left cheek, R B Hoffman, shot in the right cheek, nose and forearm, Emil Robert shot in the left knee, Vincent Roumeau shot in the ear and jaw, W Jones shot in the cheek and left arm, Joseph Laribes, shot in the lip, cheek, eye and shoulder.

APPEARED RATIONAL

The would-be-murderer and suicide, who is unknown to the hotel attaches, registered at the hotel last night as Thos. Loeb, but gave no address. He appeared entirely rational when shown to his room and was quiet during the night. He arose this morning at a time when the street was filled with people going to work, and, without warning, started firing from the window. Immediately the police were notified and thirty officers hurried to the scene.

SHOOTS AT OFFICERS

The street was cleared of pedestrians and a number of the officers entered the hotel and rushed up to the man's room. They hammered on the door and the maniac fired at them with a shot gun, several shots striking one officer. Returning to the window the madman then fired several shots more and hurled a heavy chair to the street, but it was caught by the telegraph wires.

SHOOTS HIMSELF IN MOUTH

The officers continued to batter at the door, against which Loeb had placed a bed, and had succeeded in breaking a door were in a fair way of getting in when Loeb, perceiving another officer rapidly approaching his room on a fire escape, returned to the centre of the room, placed the shotgun in his mouth and blew off the top of his head. When the officer on the fire escape entered the room, the man was dead.

Scattered about the room where the dead man lay were a number of fragments of fifty dollar bills. In his waist band was a butcher knife with a seven inch blade, while in his pocket was the address of the British consul. He was apparently a young man, attired in cloths of cheap make.

CASE OPENED WITH MANY ACCUSATIONS

(Scripps News Association) Portland Ore June 21.—In the federal court before Judge Dehaven and a crowded court room, with dramatic intensity, District Attorney Henny today outlined the Government's case against Senator Mitchell to the jury. He stated that the Government was prepared to prove, not only the specific allegations in the indictment of Senator Mitchell receiving fees for services performed before the departments of the Government during the time he was Senator in the case in which the Government was interested but as a member of the firm of Mitchell and Tanner, repeatedly made use of his public office for private gain, with a full knowledge at the time that he was violating the law in receiving fees.

Henny stated that he would prove the existence of the original partnership contract with A H Tanner, whereby Mitchell received one half of the proceeds of the business taken in Portland and the entire proceeds of the business done before the departments at Washington. He said that the two agreements entered into with Frederick Kribs by Mitchell and Tanner, whereby seventy timber claims were expedited to patent by the firm

for the sum of two thousand dollars, Mitchell personally appeared before the land office and wrote letters to secure the patents. He said that he could prove a similar agreement made by the firm with John A Benson, of California, in the sum of fifteen hundred dollars, for expediting claims and also with W A Burke, with Cook's Inlet Coal Co., for five hundred each, money in each case being divided with Senator Mitchell. Attorney Henny also asserted that he could prove that Mitchell had accepted fees from Chinese merchants in Portland for appearing before the department of commerce and labor to secure the admission of immigrants. He further stated that he also secured "lien lands" for the Booth-Kelley Lumber company from the land office for a fee, and at the same time secured the same lands for the company.

The aged defendant listened to the accusations without moving a muscle. Judge Bennet, for Senator Mitchell, followed Attorney Henny and stated that the offense alleged was not inherently wrong and did not show moral turpitude. He said the Tanner and Mitchell agreement was made prior to Mitchell's election as senator. Frederick Kribs was the first witness and testified to paying Mitchell and Tanner for expediting claims to patent.

FRANCE ANSWERS GERMANY'S NOTE

(By Scripps News Association) Paris France June 21.—France's reply to the German note suggesting an international conference on the questions of the Moroccan reforms was handed to the German ambassador this afternoon. The note expressed in full France's view of the Moroccan question and outlines the conditions under which France will participate in the conference. It is understood it asserts that France has always respected the integrity of Morocco and stood for an open door.

BUSINESS WOMEN'S INDUSTRIAL LEAGUE

New York, June 21.—The Business Women's Industrial League, formed last year at the St. Louis exposition, will hold its second annual convention here early in July. A large attendance is expected from the west. The league numbers among its members doctors, lawyers, writers, artists, stenographers and workers in all branches of industry. Among its objects is the establishment of a home on Chesapeake bay, which will be open all the year, where sick or tired members can go for pleasure or recuperation at slight expense. The league has already a ranch near Denver for the use of its members.
