Local Items

Mr. and Mrs. Dan Wilson returned yesterday morning from taking in the fair, Astoria, Seaside and many places of interest. They were away over one week and return home well pleased.

Elder Andrew Jensen, of Salt Lake City, will lecture at the L. D. S. church Sunday evening at 8 o'clock. Subject, "A trip around the world in an hour." The public is cordially invited to attend.

The La Grande Base Ball Association desires to express its appreciation to the Latter Day Saints Band who tendered their services to the boys' gralutons on the Fourth, which was accepted with pleasure. La Grande does not always have two uniformed bands on an occasion like this.

All the boys in town under fifteen years of age are training for that 100 yard race.

That high dive to be given on the streets on the Fourth by Prof. Griffin is only one among the many attractions.

It keeps getting better all the time. Today the boys wired in for a generous supply of fire works. We tell you La Grande is going to have a hummer next Tuesday and don't you forget it.

An annual supply of pork is in waiting to the lucky person who catches the greased pig. Age, color nor sex is barred in this exciting chase.

Mr. Paul Lederle's many friends will be glad to learn that he is a little better today and hopes are entertained of his recovery.

Miss Nettie Hamilton, of Meadville, and Miss Bertha Couch, of Linneus, Mo., are here on a visit to their cousin Mr. U G Couch, of Island City. They will remain about two months and then will return via of Portland and visit the fair.

U G Couch, the well known grain buyer of Island City, this week made a tour of inspection between Island and Elgin and reports crops of all kinds considerably above average.

That 120 yard hurdle race is another Fourth of July feature that will be interesting to all lovers of sport.

That fat man's race is guaranteed to come off according to schedule, no matter how warm the weather is.

The funeral of Mr. Peter Dowling, the La Grande base ball pitcher, will take place at the undertaking apartments of Henry & Carr tomorrow afternoon at two thirty, Rev. E H Hays officiating.

It begins to look like hereafter the La Grande Base Ball Association will be called upon to give all future Fourth of July celebrations. They may decline the responsibility next time but they are going to put up a celebration this year all right.

That so splendid talent as that displayed by the Misses Young in their piano and violin recital at the Presbyterian church was not witnessed by more of La Grande's people does not speak well for the musical public. The numbers, as announced by the program, were beautifully rendered, and it would be unfair to designate any one more than another as deserving special mention. Those present were enthusiastic and proud that their years of careful preparation had resulted in such accomplishments.

Dr Charlton was called to Perry last evening to attend a horse that was badly injured in a barbed wire fence. He believes he can save the animal.

L A Pickler a civil and mining engineer is in the city and as soon as he can secure a house, will move his family here from Weiser and open an office.

The G A B and the W R C had arranged to have a picnic on the Fourth but since there is going to be quite a time here on that day they have decided to join the other boys and girls.

Dr and Mrs F E Moore, Mrs Purden and Mrs Eubank, leave for Portland this evening for a few days at the fair.

Mrs J O McClain goes to Portland tonight to remain for the summer.

Mr and Mrs Causey leave this evening for a week at the fair.
