MUTINEERS CAUSE MANY GRAVE FEARS

By Scripps News Association
Odessa, July 3.—This city continues quiet under a strong guard of troops. A number of foreign freight steamers have loaded preparatory to sailing. The troops still prohibit admission to the dock region. Work was resumed this morning in some quarters.

OPEN REVOLT

Berlin July 3.—The Frankfurter Zeitung says that open revolution has broken out at Nikolaiief, and that all vessels bound for the Black sea ports are anchored in the Bosphorus.

St Petersburg July 3.—Count Ignatieff has left for Odessa and has been vested with power to deal the situation there. It is believed, if given the authority, he will treat with the mutineers.

ASK FOR ASSISTANCE

Berlin, July 3.—According to the Tageblatt, the Russian Government has requested the powers which maintain warships at Constantinople to send them to Odessa and restore order.

MUTINEERS WARNED

Kustendji Romania July 3.—Following the arrival of the Kniaz Potemkin and a torpedo boat last night the port captain boarded the vessels and demanded that the mutineers should land without arms and to be dealt with as foreign deserters. He warned the crew that, if they displayed hostility toward the town, force would be employed against them. The mutineers replied that they had no intention of threatening the town and only wanted to buy provisions, which they were later allowed to do.

POTEMKIN LEAVES ODESSA

Washington July 3.—Ambassador Meyer has cabled President Roosevelt from St Petersburg that consul Heenan, of Odessa, officially reports that the Kniaz Potemkin, the Russian battleship, whose crew mutinied, left Saturday, headed directly south, and going toward Constantinople. The battleship Pobiedonosetz has surrendered and is now in the hands of the authorities.

REGIMENTS ORDERED
Bucharest Romania July 3.—The Roumanian authorities have ordered several regiments to Kustendji to preserve order while the mutineers of the Russian battleship remain in the port.

ANOTHER CREW MUTINEERS

St Petersburg July 3.—The crew of the cruiser Minnie, at Kronstadt, mutinied today and refused to obey orders to put to sea. The vessel has been taken outside the port.

FRUIT GROWERS ARE VICTORIOUS

(By Scripps News Association)
Washington July 3.—Commissioner Prouty, of the interstate commission decided that the icing charges of the private fruit car lines are a part of the rate for fruit carried for the reasonable use of which the railroad is responsible in the case of the Michigan fruit growers association against Pere Marquette and the Michigan Central railroad. The decision is a great victory to the fruit growers all over the country.

Banker Suicides

By Scripps News Association
Richmond, Ind., July 3.—John Bowman, the president of the Commercial Bank at Hagerstown, committed suicide today. The cause of the shooting in which manner he killed himself, is unknown.

"Steeple Jack" Dead

Scripps News Association
New York, July 3.—John Moffatt, aged thirty two, of San Francisco, Cal., known throughout the county as "Steeple Jack," who had climbed many steeples and stacks, is dead here as a result of a fall on a staircase.

MORE STRIKING IN WINDY CITY

By Scripps News Association
Chicago, Ill., July 3.—Two thousand two hundred wood workers in fourteen big factories refused to go to work this morning because the employers would not give them two cents an hour increase in wages. This action threw out five thousand other employees. With thirty two hundred teamsters, who are now out, today's strike increases Chicago's unemployed army to ten thousand. A special strike to all of the eight thousand union wood workers in the city is anticipated. The employers claim that they cannot afford to grant the increase, as the men are now paid more than similar workers outside of Chicago.

CASE GOES TO THE JURY

By Scripps News Association
Portland, July 3.—The case against Senator Mitchell will go to the jury this afternoon. United States attorney Henry made the final argument this morning. In his comprehensive review of the evidence, he marshalled the proofs that Mitchell had full knowledge that he was receiving pay for his influence in expediting land claims. He mercilessly ridiculed the opposing counsel's description of Senator Mitchell and his high minded integrity, but declared that the evidence was conclusive that the senator was aware of the fraudulent character of the claims of John A. Benson and Frederick Kriba which he caused to be patented. The defendant's friends hope for a hung jury, but attorney Henry is confident of a conviction. The trial of Congressman Williamson is set for Friday.

The case of Senator Mitchell went to the jury at 2:25 this afternoon.

Mrs. T. N. Murphy is visiting at the Portland exposition this week.

HART WINS FIGHT

Reno, Nev., July 3.—In a roofless arena Jack Root of Obions, and Marvin Hart, of Kentucky, met in a finish fight here today for what was advertised as the heavy weight championship of the world, the title voluntarily relinquished by Jas. J. Jeffries, who added interest to the affair by acting as referee.

The fact that the day was practically a holiday in the Goldfield, Tonopah, Bullfrog, Ely, Diamondville and other gold camps in the state was responsible for the presence of a good crowd.

In addition to the men from the mines there were parties of sporting men from San Francisco, Los Angeles, Ogden, Salt Lake, Denver and Chicago. They were drawn not so much by the advertised claim of a championship battle, but by the prospect of witnessing a contest that would go beyond the usual 20 or 25 round limit. The words "finish fight" have a magic ring. They remind the old ring followers of the days when the ring was pitched on the turf, when sheriffs had to be dodged and men fought with bare knuckles, or, worse, with skin tight gloves. No finish fight worthy of note has been pulled off in this country since Fitzsimmons and Corbett had their memorable battle at Carson and few of the old guard who were able to attend overlooked the opportunity to attend a mill where the referee is merely an ornament.

The crowds began to gather at the arena soon after noon and when the gates were thrown open several hundred persons were ready with their pasteboards. The place was comfortably filled when the star attractions were called into the ring and little time was lost in starting the men off. Jeffries was given a tremendous reception when he jumped through the ropes. The big fellow, smiling and looking perfectly at ease, acknowledged the greeting with a series of bows.

Among those at the ringside were attorney Sweney, Senator Francis Newlands of Nevada, lieutenant governor Allen of Nevada, and his wife, sheriff Ferrell of Washoe county, district attorney Craig of Nevada and the entire constabulary and the police force of Washoe county and the city of Reno.

JEFFRIES STATEMENT
Before entering the ring, Jeffries waived upon both men and stated that he had retired from the ring for good and that the winner of this fight would be entitled to the name heavy-weight champion of the world. The men entered the ring at 2:45. Before they were called to the centre, a number of challenges were read.

WOULD MEET WINNER
Jim McCormick, George Gardiner and Jack Johnson expressed a desire to meet the winner. The spectators suffered intensely from heat, but the fighters showed no desire to be busy in getting into action. Battling Nelson was introduced and agreed to fight Britt to a finish. It was a few minutes after three when time was called.

In the first round it was about evenly matched between the two fighters, Hart and Root, but in the second round Root had a little better of the contest. In round three the men indulged in rough fighting, Hart fighting desperately.

In the fourth round Root continued to swing rights and lefts to the jaw, while Hart got in a couple of good kidney punches. This round was called even. In round five the men indulged in much clinching, with Root doing most of the fighting. This was Root's round. After hard fighting on both sides, Hart won in the 12th round.
