## Against Jews

Odesa July 27.—The governor of Odesa has issued an extraordinary proclamation which will be posted in the city tomorrow and may have the effect of increasing the already bitter feeling against the Jews among the troops and more ignorant classes of the population. The governor said he had received a number of anonymous letters denouncing persons as Socialists and revolutionists which he entirely ignores, and he believes that in many cases these communications were inspired by motives of personal vengeance. The proclamation continues:

"Letters have also come from the Jews charging the police with preparing for a Jewish massacre."

The governor then declares that such action is impossible and will not be permitted, but he adds:

"The governor is astonished at the Jews addressing such letters to him, knowing that it is the Jews themselves who caused all the disorders. The police invariably found revolvers and prohibited literature in Jewish houses. But for the Jews there would be no disturbances and no Kizlar Potomkine affairs. Now the Jews have the impertinence to bring charges against the police."

## Predicted Eruption

Hood River Ore July 27.—"Between the 27th of July and the 10th day of August, the smouldering volcano of Mount Hood will break forth in eruption, sending showers of molten lava broadcast over the land; there shall also be floods of such magnitude that the whole of Hood River valley will be inundated and every man, woman and child who remains therein shall be drowned."

Such is the prophecy uttered here the other evening, by an itinerant evangelist calling himself the "Second Daniel" and claiming to come from the Willamette valley. The old man has made a number of converts to his weird religion, and many others fearing that the prophecy shall come true, have already made it an excuse to absent themselves from the town and valley, fearing the dire catastrophe prophesied for Thursday of this week may actually come true.
