A southern judge epitomizes the chief causes of the divorce evil thus: "Too much dry goods for the women; too much wet goods for the men."

We must allow that Sergius Witte has the characteristics and acumen of a great diplomat. His little interview regarding his impression of President Roosevelt will make him and his country many friends in the United States.

A million bushel wheat crop will make its self felt in this valley this season. Last season we were about this amount short, and there was a difference all right which was noticed by every business man in the county. This season the difference will be noticed, but the difference will cause a smile, not a frown.

The cement sidewalks along the business streets give the city a decidedly advanced appearance. The promptness with which the property owners responded to the request for cement walks speaks volumes for the enterprise and loyalty of the property owners. It is such action as this that makes a town. La Grande is sure to grow.

Paul Morton has employed experts to determine the value of the real estate held by the Equitable. This is rated in the reports as having a value of nearly \$37,000,000, but there are rumors that much of it is not worth nearly so much as it represents on the books. That is a favorite method of mis-managing such corporations. It has often been resorted to, and it is not impossible some of the financiers of the Equitable have managed to load that corporation up with a lot of real estate that is not worth what it cost.

There are many kinds of meat, but we sell only the best kind. A trial order will convince you of the truth of this statement. We will only the best specimens and kill it correctly. Our prices are as low as consistent with the best quality.

GOLDEN NUGGETS FOR SALLOW PEOPLE

The Japanese have placed orders in this country for a vast amount of railway materials to be used in extending the Korean railway into Manchuria. One order is for 350 steel bridges. These are nearly all small, but the fact that the bridges are to be constructed of steel shows the Japanese intend the line to be permanent—that it is not being rushed through for temporary military purposes. Two thousand steel cars have also been ordered and 150 locomotives. It is not known exactly where this material is to be used, but it is believed the Korean line is to be pushed through to a junction with the Russian line. Such work indicates that those people expect to have some interest in that part of the country after the conclusion of the war.

ECZEMA ITCHES AND BURNS

The return of warm weather means a return of torture to Eczema sufferers. The blood is charged with burning acids and acid matter which is forced to the surface through the pores and glands, forming pustules which discharge a sticky fluid, and the itching is intense.
The doctors said I had pustular Eczema; it would break out in small white pustules, mostly on my face and hands, discharging a sticky fluid; crusts would form and drop off, leaving the skin red and inflamed. I was tormented with the itching and burning characteristic of the disease for five years, and during that time used various medicated soaps, ointments and washes, but these applications seemed to make me worse. After taking S. S. S. a short time I began to improve; the itching did not go to improve, but I have not been troubled with any breaking out since.
Urbana, O. E. B. KELLY.

Sometimes the disease is in the dry form, and bran-like scales form on the skin, but the cause is the same—humors in the blood. Salves, cooling washes, powders and the like can do nothing more than relieve the itching, because they do not reach the acid-laden blood, the seat of the trouble. S. S. S. cures Eczema and all skin diseases by neutralizing the acids and carrying them off through the proper channels. When S. S. S. has done this the symptoms pass away, the blood is cooled and the disease is cured permanently. Nothing acts so promptly or surely in skin diseases as S. S. S., and it at the same time acts as a tonic to the entire system. Book on Skin Diseases and any medical advice without charge.

A Grim Tragedy
Is daily enacted, in thousands of homes as Death claims, in each one, another victim of Consumption or Pneumonia. But when Coughs and Colds are properly treated, the tragedy is averted. F. G. Huntley, of Oakland, Ind., writes "My wife had the consumption and three doctors gave her up. Finally she took Dr. King's New Discovery for Consumption, Coughs and Colds which cured her, and today she is well and strong." It kills the germs of all diseases. One dose relieves. Guaranteed at 50c and \$1 by Newlin Drug Co., druggist. Trial bottle free.
