The lawn owners are happy again
now that they can use the city water
the full two hours. The lawns seemed
to have taken on a glad look also.

The attention of the Observer
readers is called to Baker Bros. ad
this afternoon. Read it and you will
see why.

The Golden Rule has a special an-
nouncement this afternoon which will
interest every man, woman and child
in this county.

Lou E Wenham, one of the old time
Observer force has accepted a position
with the Observer as telegraph editor,

ver.

The city council meets this evening.
The school board meets this evening
and it is supposed that they will de-
cide upon the site for the new school
building across the track, also select
the plans of the building.

The county has just completed the
construction of a large stone pier for
the south end of the Proebstel bridge.
This was badly needed as the bridge
would not have stood another high
water.

Carl Walters left last night to spend
a week with his grandmother in Pen-
dleton.

Claire Gillilan leaves tonight for
Portland where he will spend a week
at the fair.

Don't forget the lawn social to be

row evening at the home of Mrs B W

excavating the pit on Washington St
where the high diving of the carnival
will take place. The excavation is 8x
16 feet and four feet in depth.

The idea of good side walks is
not confined entirely to the business
blocks of the city. Mr J W Scriber is
having cement walks constructed on
both sides of his residence.

County Treasurer John Frawley,
who with his family is spending a few
weeks at Long Beach, writes that he is
having a full sized, all around
general good time. He states that
he goes swimming every day and is
catching enough fish to supply a fish
market.

The city recorder, though a good
democrat, is evidently a protectionist
as he has caused to be erected a high
picket fence across his office, and it is
evident that the motive which preced-
ed this action was to protect him from
that part of the general public which
delights in using the desk as a loung-
ing place.

FOREST FIRE AT ELGIN

Visitors to the city from Elgin re-
port that several serious forest fires
are raging in that vicinity, near the
Palmer sawmill. The fire alarm was
rung at Elgin and about 150 citizens
of the town and vicinity are fighting
the fire by plowing and back fires.
Large tracts of timber are bound to be
destroyed before the fire can be check-
ed and a heavy loss ensue.

Fine New Residence

At a cost of about \$2400 Colin
McKenzie is completing a handsome
brick residence on North Second street.
The house has six large rooms with
pantry and bathroom and other mod-
ern improvements. William Ash has
leased the building for a period of
three years and will move in as soon
as it is completed.

Well Drilling Stopped

The well drilling operations on
Peter McDonald's farm near Alicel
have temporarily stopped awaiting the
arrival of several hundred feet of cas-
ing. At present the well is 800 feet in
depth and has 700 feet of water in it.
Upon the arrival of the casing the
operations will be resumed and it is
believed by the contractor that at the
required 1000 feet a flow of water will
be encountered.
