The great majority of the thousands of eastern people who are now coming to the coast are pleased with this county and many will return, later, to make their homes with us.

The Lewis and Clark fair is now in the beginning of the height of its glory. Those who have made a careful study are gratified in the results, that is, from its conception it has been a question whether or not the fair would draw people from the east to our shores. From the very opening day until now the percentage of eastern visitors has steadily increased and the transportation companies state that September will be a still greater attendance.

The great majority of these tourists are here for the purpose of viewing the west, in which they have entertained a future hope of possibly at some time or other making their homes.

The west needs more people and there are thousands of people who can do better in this new country than they can in the old settled communities in the east.

The opportunity for Union county to present her resources to thousands of people who are anxiously looking over the west is here, not will be. Our exhibit at the fair is now being viewed daily by hundreds. At the beginning of the fair our exhibit did not do Union county justice, from the fact that unless preparations are made the preceding year we have very little to exhibit during the months of June and July. From this time on until the close of the fair, which will be October 15, Union county can make a showing of her varied resources second to no county in Oregon, and while this is a strong statement it is a true one.

**THE SIGNS OF THE TIMES**

Unless all signs of the times are misleading and delusive the people are going to be far more inquisitive into the integrity of men they vote for than in the past. A very considerable proportion of the voters in all political parties are in full sympathy with the moral wave that is now rolling over this nation, and not only hope, but confidently believe it has come to stay, and are anxious and willing to do all that is possible to render it abiding with us permanent.

Voters in the future, more than in the past, will have to be satisfied that a person is honest, and has strength of character of a degree that he can be relied on, under all circumstances, and in the presence of all kinds of temptations, to do the right and honorable thing or they will not cast their vote for him.

There are many members in each political party that will

vote for men in the party whose creed they have never endorsed, in preference to one belonging to their own party about whose integrity they have doubts. Patriotic men, no odds what party they belong to, feel that an honest man in the opposite party is far safer to the general good in a high place in our state or nation, than one of a shadowy character, though of his own party, and each will vote in obedience to their own consciences and endeavor to do the best they can for the honor and good of their country.

**Sickening Shivering Fits**

of Ague and Malaria, can be relieved and cured with Electric Bitters. This is a pure, tonic medicine; of especial benefit in malaria, for it exerts a true curative influence on the disease, driving it entirely out of the system. It is much to be preferred to Quinine, having none of this drug's after-effects. E. S. Monday, of Henrietta, Tex., writes "My brother was very low with malaria fever and jaundice, till he took Electric Bitters, which saved his life." At Newlin Drug Co. drug store; price 50c guaranteed.
