CITY COUNCIL HAD A SHORT SESSION

Contract Made with Carnival for Use
of Streets

STREET GRADES

The city council met in an adjourned session last evening. The principal business was the passage of an ordinance establishing street grades over quite a section of the city which will be published in a few days.

Another ordinance was presented and passed prohibiting the construction of wooden awnings or porches in certain limits, practically the business district.

The water committee was instructed to advertise for bids for 200 or more cords of wood to be delivered to the city pumping plant.

The committee who have been wrestling with the adjustment of the grade on 6th street and asked for further time.

The committee appointed to contract with the Carnival company for the use of the streets, reported that they made the same rate as was made

last year, \$100 and the streets were to be cleaned and left in proper condition.

The committee appointed to investigate the legal bearing of the contract of the city with the county in the rental of the city hall or court house with reference to the insurance. In other words in case of its destruction by fire whether or not the county would be under obligations to replace it. This was the written opinion of the committee which consisted of Mayor Slater and city attorney Ivan Ho. This question was brought up with reference as to who should carry the insurance. Under this opinion the city will cease to carry the insurance until the property reverts back to the city at the expiration of the fifteen year lease by the county.

A temporary water rate of \$12.50 per month was made to the Masonic cemetery.
