Section 28—The water rates shall be payable in advance at the office of the water superintendent on the first day of each month (except for meters which are payable on the first day of the succeeding month), and if not paid within the first ten days the water will be shut off the premises, as provided in Sections 26 and 27.

of Ague and Malaria, can be relieved and cured with Electric Bitters. This is a pure, tonic medicine; of especial benefit in malaria, for it exerts a true curative influence on the disease, driving it entirely out of the system. E S Munday, of Henrietta, Tex., writes "My brother was very low with malaria fever and jaundice, till he took Electric Bitters, which saved his life."
