Governor Says It Will Be a Democrat

From Eastern Oregon and in all Probability will be Judge Ramsey

"If there is to be a vacancy on the state supreme bench" said Governor George E Chamberlain this morning. "I think the appointee should be a Democrat, for it is but proper that the Democratic party should have some representation in the court. I am also of the opinion that the appointment should be from Eastern Oregon, as all the judges are from the western part of the state. The only two Democrats from eastern Oregon who have been recommended to me thus far are Thomas G Halley of Pendleton and William M Ramsey of La Grande. Both are able lawyers. I know nothing as to the accuracy of the report that Justice Bean is to be appointed United States judge" Governor Chamberlain's statement disposes of many rumors as to what

he would do in the event that Justice Bean were elevated to the federal bench. Some of the political prophets have been drawing heavily on their imaginations in the effort to forecast the Governor's choice and they have picked lawyers from all parts of the state, Republicans as well as Democrats. It is plain that in the event that the governor is called on to fill a vacancy in the state supreme court he will name an eastern Oregon Democrat and the absence of unforeseen circumstances that either Thomas G Halley or Judge Ramsey will be chosen.

The governor's appointee will hold office only until a successor has been elected by popular vote and has qualified, which under the existing laws would mean until January 1907.

Deserves Credit

Yellow Hawk Tribe Number twenty three, Improved Order of Redmen of the World certainly made a wise choice when they selected the Nat Reis Southern Carnival Company to exhibit at their street fair. This city has had several street fairs and it is not saying too much to state that this carnival is far superior to any thing in the carnival line ever before exhibited here. There is not an objectionable attraction on the street, and all of them are really entertaining. The show designated as the "Deep Sea Divers" is more than entertaining, it is really instructive and educational. It is well worth the money and time required to see it, and gives a correct idea of the work accomplished by the men who toil on the bottom of the sea.

The other attractions are above the average street fair shows. The exhibition given at the Stadium, is as good as can be seen any where, and many of the acts are equal to the best circus acts. The act of the Japanese tumblers and equilibriumists seems to be the scene of human perfection, and Mr Gehoene's trapeze act displays great powers of endurance and still Loop the Loop and the bicycle whirl are both good acts and certainly demonstrate that the performers are thoroughly trained and absolute masters of their wheels. There are many other good acts at the Stadium which are equally deserving of special mention.

The high dive by Madam Liljen which takes place twice each day never fails to draw a crowd, and the lady is deserving of all the applause which she receives. At night she makes the fire dive which is a decided novelty, and as she jumps from her lofty platform completely enveloped in fire she certainly makes a most striking spectacle. Taking the carnival as a whole it is a complete success and the Redmen have reason to feel proud of their first attempt as public entertainers.

BUYS UNION COUNTY HAY

H G Newport, president of the Newport & Construction company, who was in the city yesterday left last evening for his home in Echo. While here Mr Newport purchased 300 tons of hay from F S Bramwell's Union hay ranch, to be used for feed in the construction of the Furnish ditch near Echo which Mr Newport has the contract for constructing.

The Furnish ditch leaves the Umatilla river three miles east of Echo and winds around the low hills for 30 miles, covering the Twelve Miles, flat north of Echo. The ditch will reclaim about 10,000 acres of some of the best land in Umatilla county by winter irrigation. The ditch will be completed about March 1st of the coming year, and the land thrown open for settlement.

Tent Meetings

The subject at the tent meeting will be "Present Truth." Synopsis of discourse given at the tent Wednesday evening by Prof. M E Cady on "Christian Education." "Christian Education" an "All Round Education." Text: "And the child grew, and waxed strong in spirit, filled with wisdom; and the grace of God was upon him." St. Luke 2:40. 1st. Physical Development, "The child grew." 2nd Spiritual Development, "He waxed strong in spirit." 3rd Intellectual Development, "He was filled with wisdom."

A Symmetrical Education. The moral development is the balancing power that enables the youth to use their physical and mental power in the right lines.

Greece gained great heights in physical and intellectual development, but failing in moral education she went into decay and heathenism.

The demand of the hour is an education of the three fold nature of man, physical, mental and moral powers of the children and youth.

The work of Booker T Washington at his school in Tuskegee, Alabama, and his influence in lifting up his race to higher ground, as seen by the speaker at a recent visit to that institution.

The parents in the home education should begin the work of developing the three fold nature of their children. "Train up a child in the way he should go and when he is old, he will not depart from it." Prov. 22:6.

A large heating stove has been placed in the tent, insuring comfort to all who come to the meetings during the cool evenings.

New Thresher

Thomas Mountain, with Kunkel & Co., of Pendleton, returned home this evening from this valley where he has been setting up a Peerless threshing outfit sold by his firm to Myers & Miller of near Cove. He reports the machine running splendidly and the yield of wheat first class.

CATARRH A UNIVERSAL DISEASE

Catarrh usually begins with a cold in the head, but does not stop there. The mucous membranes all become inflamed and secrete a filthy, unhealthy matter which is absorbed by the blood and distributed to all parts of the body. The patient is then continually hawking and spitting, the nose is stopped up, the ears have a ringing or buzzing noise, the throat becomes sore, and as the unhealthy matter more thoroughly saturates the blood a general feeling of despondency takes possession of the system.

I had Catarrh for about fifteen years, and no man could have been worse. I tried everything I could hear of, but no good resulted. I then began S. S. S., and could see a little improvement from the first bottle, and after taking it a short while was cured. This was six years ago, and I am as well today as any man. I think Catarrh is a blood disease, and know there is nothing on earth better for the blood than S. S. S. Nobody thinks more of S. S. S. than I do. Lapeer, Mich. M. MATSON.

Local applications cannot cure Catarrh, because they do not reach the seat of the trouble. They allay the inflammation and temporarily relieve the disease, but as soon as they are left off the trouble returns. The only way to cure Catarrh is to treat it through the blood. S. S. S. soon clears the blood of all Catarrhal matter and purges it of all irritating poisons, checks further progress of the trouble and completely cures the disease. S. S. S. keeps the blood in perfect order so that it can eliminate from the system all waste matter that will produce Catarrh. Nothing equals this great vegetable remedy in the cure of this disease. Write for our book and any medical advice you wish. We make no charge for either.

Sickening Shivering Fits

of Ague and Malaria, can be relieved and cured with Electric Bitters. This is a pure, tonic medicine; of especial benefit in malaria, for it exerts a true curative influence on the disease, driving it entirely out of the system. It is much to be preferred to Quinine, having none of this drug's after-effects. E S Munday, of Henrietta, Tex., writes "My brother was very low with malaria fever and jaundice, till he took Electric Bitters, which saved his life." At Newlin Drug Co. drug store; price 50c guaranteed.
