RAILROADS CUT ON FAIR RATES

Reduction Assures Biggest Attendance of Fair for Closing Weeks

Portland, Sept 1.—The declaration by the railroad companies, recently made, of a cut in the rate to the Lewis and Clark Exposition, and return from all points in Oregon, Washington, Idaho and British Columbia, effective on and after September first, of from one fare and one third for the round trip to one fare and one tenth, assures the biggest attendance yet at the Exposition during the last six weeks of its existence. This generous rate places a visit to the Exposition within the reach of nearly every citizen of the three states which were carved out of the old Oregon country.

The fare from La Grande to Portland has been reduced from \$12.15 to \$10.05 and from other places in a proportion.

The program prepared for the closing weeks of the Exposition provides for more attentive features than have characterized any period since the opening. Perhaps the most important of these is the stock show, which will be held from September 19th to 25th inclusive. For this event there is available nearly \$50,000 in prize money, but the attractiveness of the western market is, according to M. D. Wisdom, the live stock superintendent, a greater inducement than the money awards. Eastern stockmen have shown a remarkable interest in the show, and there is no question that the exposition will be the biggest thing of the kind ever held in the west.

The poultry show under charge of Elmer Dixon, follows shortly after the stock show and promises to be un-

usually interesting. The dates are from October 5th to 12th, inclusive.

The Royal Hawaiian Band now playing at the Exposition, has made the biggest hit of any musical organization which so far has visited the Fair. Band concerts free to all, are given twice daily from the band stand on the shore of Guild's Lake. The Hawaiian Band will be followed by Ellery's Band, an organization known throughout the land, which will play until the close of the Exposition, October 15.

The Exposition is now in its prime and late visitors will find everything in the best of condition. The Trail, the amusement street, is better now than at any time during the Fair, the few shows of doubtful merit which operated during the early weeks have been dispensed with, so that everything to be seen there is first-class and worth the money charged.

The attendance at the Exposition, which has been good from the first, owing to a large extent to patronage from east of the mountains, has increased steadily and the increase is expected to continue right up to the closing day, as the end of the harvest season will permit farmers who have been too busy to get away earlier to pay a visit to the biggest fair ever held in the Pacific Northwest.

Think Pot

To the insane man everybody else is crazy.

It is very easy to judge how much smoking and drinking other people should do.

The over smart man is always discovering fools.

With a majority of mankind, friendship means only a faintly disguised neutrality.

Some people fancy a life well stuck to is as good as the truth.

Thrice armed is he for the battle of life, who has had the luck to get a good wife.

If it were as easy to be good as it is to be bad, lazy people would be saints.

The surest way to make a man ill, is to tell him he looks so.

There are people who can see other peoples faults with their eyes shut, but who could not see their own with a microscope.

There are people who laboriously spend their time trying to find the easiest way to live.

Was a Suicide.

Lewiston, Idaho, Aug. 30.—A special to the Tribune from Grangeville says: It is believed the mystery surrounding the identity of the man whose dead body was found near Grangeville yesterday, is cleared up today, through the discovery of a letter signed by H. C. Paige. The letter states the author would destroy himself by taking poison.

LA GRANDE SCHOOL OF MUSIC

PROF. DAY, Principle.

MRS. DAY, Assistant

This is one of the best musical institutions in the state. During the year 1904 there were nearly four thousand lessons given. The people in this city and valley are beginning to discover the great advantage of this school. The system used is the latest and most practical, and includes all the latest discoveries in the art of teaching music. The school is divided into two departments; No. 1 is for beginners, from 5 years up, and taking in the 1st to 3rd grades. In this department pupils come one hour every day. In No. 2 the grades are from 3 to 15. Here they graduate. Pupils take one or two lessons a week as they desire. No scholars will be permitted to remain in this school who do not study.
