Printing

That

Satisfies

THE OBSERVER

There is a difference between printing that "will do" and that which is the kind you really want.

We make a specialty of pleasing, as we have the equipment with which to produce good printing and printers who understand the art of printing.

There is no order too small or too large to receive our careful attention.

We print anything from posters to visiting cards.

Plant Fish

A government fish car came in Sunday from the north, and shortly after its arrival the gentleman in charge proceeded to get busy in the way of planting fish in the Snake river at this point. Seven thousand black spotted trout were deposited in the stream. A like number of the same variety of fish were delivered to F. Eklof, while 3000 were delivered to Rasmus Hoff. These were deposited in the streams of the foot hills. The car was transferred to the branch Monday morning for the purpose of planting something like 15,000 of these little beauties in streams at various points up the line. This distribution of fish should go a long way in the direction of restocking the streams in this part of the state. The fish came from the government hatchery at Hoxeman, Mont.—Idaho Falls Times.

Close Stores

The proprietors of Elgin's drug stores have concluded to close their places of business hereafter on Sundays. Two members of the city council are owners of drug stores and for the past several months the saloon proprietors have been complaining that while the saloons were closed the drug stores were allowed to remain open and sell an unlimited amount of liquor every Sunday. The complaints have been increasing.

Returns With Prisoner

Officer Frank Childers returned last night from Pendleton with William Taulson who was held there by the Pendleton police on a charge of horse stealing supposed to have been done at Cove. Taulson will be given a hearing in Justice of Peace Hough's court as soon as the necessary witnesses can be gotten over from the Cove.

The Colonel's Waterloo

Colonel John M. Fuller, of Honey Grove, Texas, nearly met his Waterloo from Liver and Kidney trouble. In a recent letter, he says: "I was nearly dead, of these complaints, and, although I tried my family doctor, he did me no good; so I got a 50c bottle of your great Electric Bitters, which cured me. I consider them the best medicine on earth and thank God who gave you the knowledge to make them." Sold, and guaranteed to cure, Dyspepsia, Bilelessness and Kidney Disease, by Newlin Drug company druggists, at 50c a bottle.

Bridges Concert Co

Beethoven said "Music is the mediator between the spiritual and the sensual life. Although the spirit be not master of that which it creates through music, yet it is blessed in this creation, which, like every creation of art, is mightier than the artist." Music reveals us to ourselves, it represents those modulations and temperamental changes which escape all verbal analysis, it utters what must also remain unuttered and unutterable; it feels that deep, ineradicable instinct within us of which all art is only the fevered echo, that craves to express, through the medium of the senses, the spiritual and eternal realities which underlie them. It has been the pleasure of the people of Union, for the past ten days, to have with us the Bridges Concert Company, and it is universally said by all who heard them or came under their instruction, that they were highly entertained and greatly benefitted by the knowledge imparted at their hands. It is a fact very much to be lamented that the training in vocal culture of the youth of our country is being much neglected, and the art of music and good singing being consequently pushed to the rear. This the Bridges Concert Company is striving to remedy by giving a systematic and thorough drill in the rudiments of vocal music, breathing and in arousing such an interest in and love for correct singing that no one who has been a member of their class will be satisfied until he has attained no mean degree of proficiency in this line of culture. To help attain this end, Prof. Bridges leaves his classes organized into a Musical Union, with a competent leader.—Republican.

KIDNEY DISEASES CAUSE ONE-THIRD OF THE TOTAL DEATHS.

When the Kidneys fail to perform their functions properly by not straining out the poisonous waste matter from the blood as it passes through them, the poisons are carried by the circulation to every part of the body, deranging the different organs. This causes heart trouble, stomach trouble, sluggish liver and a host of other ills, all due to deranged Kidneys.

FOLEY'S KIDNEY CURE

corrects irregularities and cures Kidney and Bladder diseases in every form, tones up the whole system, and the diseases that have resulted from disordered Kidneys disappear, because the cause has been removed. Commence taking FOLEY'S KIDNEY CURE at the first sign of danger. Do not risk having Bright's Disease or Diabetes.

CURED OF BRIGHT'S DISEASE.
Mr. Robert G. Burke, Elmore, Saratoga Co., N. Y., writes:—I am glad to have an opportunity of telling what magnificent results I have had from using FOLEY'S KIDNEY CURE after having tried other advertised medicines and several physicians. Before I began it I had to get up from 12 to 20 times each night to relieve my bladder. I was all bloated up with dropsy and my eyesight was so impaired that I could scarcely see one of my family across the room. In fact, I was so badly used up that I had given up hope of living when I began to use FOLEY'S KIDNEY CURE. One 50-cent bottle worked wonders. My dropsy was cured, my eyesight was restored, and before I had taken the third bottle the superfluous flesh had gone, as well as all other symptoms of kidney trouble. My friends were surprised that I was cured, as they all thought I was going to die. Every few days some one comes from miles away to learn the name of the wonderful medicine that cured me of Bright's Disease, and not one that has tried it has failed to be benefited.

Two Sizes, 50 Cents and \$1.00.
