## NEEDS MANY MOTOR-CARS

The Union Pacific needs 300 gasoline motor cars of the type just finished, according to the statement of W. B. McKee, superintendent of motive power and machinery. At the rate of 50 a year, he says, the road cannot be supplied with the cars as rapidly as it will require them.

The present facilities for making them are being tested to the limit, but they are far from adequate. Additions to the shops are to be built at once, at a cost of \$700,000, which will increase the facilities. Representatives of other roads and of suburban lines who have sought to place orders for cars with the Union Pacific have been told they cannot be supplied.

### Firebug Busy

Early Sunday morning a man was discovered applying the torch to the piles of dry slab wood surrounding the Sumpter Valley railroad tracks in South Baker. The watchman accosted the fire bug who ran away before he could be caught. It is believed his identity is known and a close watch is being kept over the suspected party. — Baker City Democrat.

### General Summary

The long dry spell was broken on the 12th by good rains which fell generally in the western and northern portions of the state. These rains were accompanied by showers in scattered places on the 13th, 16th and 17th. Some fall plowing and seeding has been done, but the soil is not soft enough for this work to become general. Light frosts occurred in exposed places on several days, but they did no harm.

Hop picking is nearly completed and the crop is turning out better than expected. The rains did not injure the hops but they were detrimental to prunes, the picking and drying of which are well advanced. Reports indicate that the prune crop will be larger than last year, but much less than a full crop. Late apples are ripening and indicate from fair to good yields.

Corn is nearly ripe and it is a good crop. Potatoes are generally free from blight and the prospects for a good yield of potatoes is much better than it was before the rains set in.

### Change of Date

The "Chaprones" is without question the strongest company which has visited this city this season, and will be greeted with a cordial reception. Remember the date is now fixed October 5th.
