## GRANDY & RUSSELL BUY THE BEET PULP

Will Feed One Thousand Cattle and Three Thousand Sheep at the Factory Stock Yards

Grandy & Russell have contracted for all this season's beet pulp and now have a number of teams hauling straw and hay to the stock yards at the sugar factory, where they expect to feed eight hundred head of cattle and three thousand head of sheep. They may feed more as it cannot be ascertained how many thousand tons of pulp there will be until the close of the factory run and as this season will exceed any former season's run, Grandy & Russell are preparing to use all of the product.

As usual the best growers will be permitted to purchase such amounts as they may require, but this as compared to the total output is of little importance, however the farmers are beginning to use more and more each year. Pulp has proved to be one of the best cheap foods obtainable.

The feeding of so much stock every year means a large market for all hay and straw in the vicinity of the factory and give employment to quite a number of people to take care of the stock while in the process of fattening.

## After Fifty-Five Years

Mr O B Allen of this city visited the Portland fair last week, and while there found a brother whom he had not seen for 55 years. When Mr Allen was a boy 12 years of age, his brother then grown, bade him good-bye in the east and started for the Pacific coast. Years dragged by and in the meantime the brothers had lost trace of each other. While in Portland Mr Allen was standing on the street corner and inadvertently overheard two men talking. One asked who was the clerk of the city schools, and his companion said H B Allen. This being the initials of the long lost brother, he was prompted to ask the gentlemen and found that he was indeed his brother. He hunted him up and the two had a long visit and renewed their relationship.

## You don't have to hire a Cab

The La Salle Street Station in Chicago, which is used by the trains of the Rock Island System, is located in the very heart of the city, less than a block from the Board of Trade; less than two blocks from the Post Office; within easy walking distance of the principal hotels, theatres and stores.

You don't have to hire a cab to reach them. The "union loop" is right in front of the station. Pay 5 cents, get aboard the elevated, and you are whisked to any part of town you wish to reach.

Let me give you other reasons why you should use the Rock Island System. There are lots of them.
